Mr Bottomley

I have failed to find a satisfactory reading for murmours which speak multiplicity. Clamours means High Comm for N.Z., and the next word below it is High Comm for S.A., but I fear this is too far fetched. It seems odd that the Gov could not satisfy himself on the point in question since from 1916-1919 Mr Hughes was on military service in Nyasaland, GEA, BFA. However, it seems true that the GPO letter (1919) might be an official point, and I would therefore offer ^{voluntarily} ~~offer~~ the usual form (not through PO) of selection by the S.P.S.
