There is provision in the draft Ests for a
new post of Chief Superintendent in the
Mannie Superintendents' Office at a salary of
r 150 - 300 p.m. (or £120 - 240 p.a.). The 150
is obviously a misprint for 250, and it is
possible that 300 may also be a misprint for 400.
But we must I think stick to the maximum
appearing in the Draft Ests, r. ? Should the
the Ct. that the post should be offered to
Mr Lawson at a salary of r 250 p.m. rising to r. 300.

we have only just told the C.A. in Cap 528
that they should employ the form of agreement
for 2nd Engineers in engaging Subordinate Officers
for the Uganda Railway, and I think that
we had better stick to that. We can
then tell the C.A. to include ^{in his letter of 27th Nov (in 528)} a clause as to how
similar to the clause which he ~~has~~ proposed
in substitution for clause 13 of the ordinary
class II agreement, & (2) a clause as to the
Provident Fund to the same effect as clause (10)
of the local agreement (U.R. Form No 171)
enclosed in Mr Currie's letter of the 27th Nov

And send a copy of con. to Mr Currie.
DMS 26/1

[There is no longer any doubt that
the men should not arrive in the East before
the 1st of April, no funds being available before
that date, or perhaps we had better
tell the C.A. so.]

They ^{strictly} ought not to leave England (or begin
to draw pay) before the 1st of April. We
might let them go on the 29th of March,

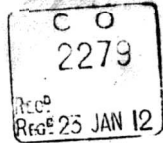

when there is a convenient steamer,
but not earlier.

We seem to be in danger of
trouble over the agreements, & we had
better clear up the question definitely.
Telegraph to the Govt., with reference
to Mr Currie's letters to the C.A. 6897
& 6898 of the 30th of Decr., and ask
whether he prefers the form of agreement
there prescribed to the form used for
2nd Engineers of the Lake Steamers
with the addition of clauses as to leave
and contribution to the Provident Fund.
Refer in this connection to Mr Currie's letter
6282 of 27th Nov (in C.A. 528).
