Mr. Griffin

In view of the short notice I am afraid it is impossible to comply with the Dept's wishes. I have pointed this out and they agree to our getting away who shall not take this T.A.S. course - but shall be ready to sail in July 1915.

1) It has just occurred to me that W. Africa might be ready to drop me if there were now at the course who wd prefer L.A. What time so I can give them an extra man in Sept.

2) Failing this I have rounded some men. letters - here with. But we shd wait for selection like the headmaster ship of the Combarasa C. school has been ^{filled} selected as one of the candidates for that wd be an excellent ADL (Mr. Scott).

I also look up rounded the best men recently recommended by Capt. (ex. Paine father) we might ^{then} search a good man out of the jaws of the Sabasade Civil.

3) I have written privately to Mr. Lees H below advising him to come over & see Sir P. Girouard of Sir Percy with the view of finding who might be a very good man.

R.D.F. 1/6/14.

X to if we might have a chance to see him in Mauritius.

Mr. Harcourt

Sub Lt A.R.C. Gibson R.N. (retired)

R.N. 6 years service. Left owing to a hesitation in his speech which prevented him getting out orders quick enough in crisis.

The reports about him in all other ways are good. He made a good impression here and Sir P. Girouard who saw him mentioned

"a distinctly good candidate. I should be inclined to favour his appointment but to inform him that his confirmation in the service after probation will also depend upon his physical condition. I appoint soon from him R.D.F. 3/7/14

A

appd. 3/7/14

1. 14. Sept

I have wired to him "Selected S. Africa
subject to med: exam. Mail of the next
letter follows". He should
get his letter as soon as possible
as he has no time to spare
I should see doctor immediately
in case we have to raise
someone else. Please
write A/J in my minute to
this effect.

The delay in choosing him was
because we were waiting for
Mr Tudor Owen: but he will not
have England yet informed of
proposals.
