Mr. B. B. B. B.

I should be glad if you will look over
the list of these 2 men Davis &
Williams. I am not sure
which of them would be most suitable
for you.

Davis has the larger amount of
forestry experience & looks as if he
was better educated than Williams. On the
other hand I liked Williams best
personally & he is married, which
is an advantage, & would be a
very steady fellow.

There is this further point that
you have had a succession of
Dean forest men lately & you
may like to introduce fresh blood
by getting a man who has
been trained at Kew.

Will you please please & let
me have back as soon as possible
as I go on leave tomorrow & shall like
to settle it first.

W. H. F. J.

They both sound promising & it is hard
to choose. On the whole, in view of Williams' good exp.
& Davis' comparative youth, I suggest Williams
now & Davis later on (unless both men appear
in the meantime).

W. H. F. J. 27

Very well. I have put Williams
forward. I don't think it need go to the top
please let me have you back as soon as you can.
