Sir,

I have the honor to acknowledge the receipt of your letter 30600/1912 of October 3, 1912, in reply for the requirements of the Veterinary Pathologist of the East African Protectorate would be met by the supply of the Veterinary Bulletin of the Tropical Diseases Bureau.

2. I sent the correspondence to Mr. J. J. Sheehan, the editor of the Tropical Veterinary Bulletin. He expressed the opinion that the Tropical Veterinary Bulletin cannot be held to take the place of the Veterinary Bulletin to that extent.

3. In this regard, I consider. The requirements of space alone prevent the publication of such a detailed account of methods as is required by a Veterinary Pathologist. He must have access to the original papers.

I have the honor to be,

Sir,

Your obedient servant,

Arthur J. Bayliss

DIRECTOR.
