LAND IN WHEAT GROWING AREA

Date

February

Asks if there is any chance of leasing or purchasing?

W. Road.

We have been very lucky to get rid of Sir Kenneth Mackenzie in connection with the Malindi concessions (see 4/285/11 or other papers below). We don't want any more of him. He had better pay his milk bills before he talks of purchasing land.

I think we can trust the Protestants or whites to deal with him faithfully.
Reply that any enquiry as to Crown land available in the PE should be addressed to the Land Officer at Nairobi.

See recent newspaper presents his comments
to the heads of State, & would be much
obliged if he could be informed whether there
is any chance of leasing a secondary land
in the strategically important area of East Africa,
Somewhere within reasonable distance of the
railway in the neighbourhood of Niros.

He would be much grateful if full
information as to available land could
be given to him. (2.2.1902)
