LAND GRANTS
DECEMBER HALF YEAR 1912

The Returns with cover of letter from the Land Officer.

Partly

Mr Read

I have looked through the returns of grants and find nothing for criticism here are a great many

- (a) Exchanges
- (b) Old applications, some finally dealt with
- (c) New applications, the Nyanga province is going ahead in this way - 13 grants (mostly to British) at Siba along

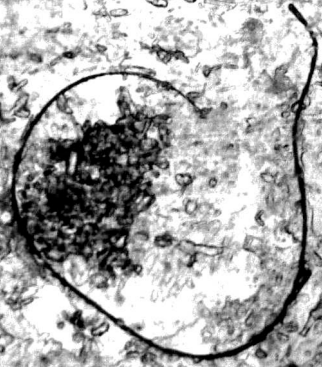

The Land Officer's letter shows that they are keeping abreast of the work, and on a good deal of preliminary surveying has been done in the case of the unoccupied regions. It is not that that the recent work should lead to accumulation of areas. The Survey Dept has made slight headway, but of the pending negotiations, but had been mentioned in the Survey Dept.

long renewals - eg. the Overpecker
Macallister claim (Mussel), which are
one of the factors in the E. A. Estabrook controversy,
and the Conroy's last Southak's other

settled the basic question will
make a great difference.

In accordance with the decision on ^{Gov} 4/11/12
we went for the next half year, but and
then printed the A returns - but as others
for the 1912-13 annual report. I have
proposed on p. 19 the A returns the way
in which it should be printed.

In the meantime

I am not sure that we
should not discontinue the printing of
these returns in the annual report.
The p.p. might be looked up, & the

Since we discussed this I have looked
up ^{of} 11827/105 from minutes of which you
will notice that the F.O. used to lay
the returns, and that we decided last year
that the late Sir C. Hall asked for the
restoration of his previous practice. I have
been kind of this was being been consulted
outside the office. They formed rather
more than 1/3 of the bulk of the last
annual report, & I doubt if they are
worth the trouble & expense.

WEST AFRICA PROTECTORATE

No. 413.

Sir,

With reference to Mr. Bowring's despatch

No. 613 of the 5th of September last, I have the

Patron

honour to transmit herewith a return of the Land

Land Officer

26-5-13

Grants in the Protectorate for the half year

ending the 31st of December 1912 together with

a copy of the covering letter from the Land

Officer.

I have the honour to be,

Sir,

Your humble, obedient servant,

H. Conway Begeed

GOVERNOR.

RIGHT HONOURABLE

SIR HARCOURT, B.C., M.P.,

SECRETARY OF STATE FOR THE COLONIES,

DOWNING STREET, LONDON, S.W.

INCLOSURE

In Despatch No. 413 of 25/12/1912

F 4448 L/O

C. O.
29/5/1913.
24

Sir,

In the Half Yearly Returns, 1st July
~~to 31st December, 1912.~~

I have the honour to forward herewith
my usual six-monthly return for the period ended
December 31st 1912.

At the end of June last we had some
259 applications pending. During the period
under review we have had 156 new applications
registered, making a total of 445 to be dealt
with. In the same six months we have registered
181 new deeds compared with 186 for the previous
six months, a further 15 have been cancelled or
withdrawn making a total remaining 279 compared
with 288 for the previous six months.

A glance at the detailed enclosures
will show that a large number of the uncompleted
deeds come under the several headings:-
Pending return of draft deeds (4), Pending
engagement (11), Pending return of Counterpart
deeds and money (28), Pending registration (82),
or a total of 124 out of the 279 have reached
the final stages thus leaving 155 as the subject
of further remarks compared with 177 in the
previous six months.

Yours faithfully,
The Chief Secretary,
Nairobi.

POSTAL RECORD OFFICE LONDON

Mr. C. S.

448 of 14/5/13.

3.

4. The two items, Pending negotiations (105), and pending survey (27), totalling 132 leave only 23 out of the 155 pending under other heads.

5. This number 23 against 32 for the previous six months is made up of Pending selection (2), Pending plans (13), Pending returns of draft deeds (8) and may be taken as normal, and will for no remarks.

6. As I mentioned in my last report the large item, pending negotiations, is likely to remain a high one for reasons absolutely beyond my control, and the figure a 100 may be looked upon as normal for some time to come, that remark applies equally to-day and the figure 105 compared with 102 for the previous six months bears out my prediction.

7. With regard to the head Pending Survey I said that we might expect further improvement but that if the figure rose 8 we might look upon it as normal and because it has become 27 that it may be looked upon as satisfactory

448 of 14/5/13.

3.

8. I append as usual a table for a period of three years showing the position as regards the removal of applications placed under the indefinite heading, Pending negotiations, to the other more or less definite stages recorded in the analysis. This table is interesting inasmuch as it shows that new applications have been steadily coped with, in the six months under review though 156 new applications have been received 153 have been wiped off the slate, leaving the number pending negotiations at 105 compared with 102.

9. In conclusion I would say that I consider the record is again a satisfactory one the figures under all heads having become more or less normal.

I have the honour to be,

Sir,

Your obedient servant,

P. Blight

Land Officer.
