ENGAGEMENT OF RAILWAY GUARDS AND STATIONMASTERS

States as to the necessity for offering salaries above the minimum scale. Points out difficulties of Railway Management trusts sanction will be given to early appt of men required.

W. R. C.

This dip. is sent in reply to one inquiring on Dec 14/97 as to the reason for giving the Assistant Station Masters (who are now being engaged [four in number] salaries 10 per cent above the minimum of the scale shown in the appt. Estimates. The reason for giving K. 200-250 p.m. instead of K. 120-250 p.m. is that already suggested in the letter of the necessity on Dec 14/97 - viz. the substitution of experienced men engaged in England for inexperienced men engaged locally.
