I may state however that the sum of £57,289 was spent in 1912-13; £2,500 has been revoted in the Estimates of the current year as remnant expenditure under "Abolition of Slavery" and £11,152 is being included for sanction as expenditure on uncompleted works for 1913-14.

Mr. Head

The difficulty referred to would of course
be removed by referring the preparation of the
Suppl. Estimate until more complete information
is available - and this I anticipate is what will
be done in future. ? Proceed as proposed
