Sir,

I am directed by Mr. Secretary Harcourt to inform you that, subject to your being passed as physically fit for service, he proposes to select you for temporary employment as a Medical Officer in the East Africa Protectorate with salary at the rate of £400 per annum.

2. The appointment will be for twelve months' residential service, but if at the end of that period a vacancy occurs in the permanent medical establishment of the East Africa Protectorate or in that of one of the other East African Protectorates (Uganda or Nyasaland) and always provided that your services have been satisfactory, you will be considered for such a vacancy before other candidates who have not held Colonial appointments. In the event of your being placed on the permanent establishment, you will be required to complete a period of three years on probation as from the date of your first appointment and during this period you will draw salary at the rate of £400 per annum. If you are then confirmed in your appointment, you will draw annual increments of £20 in the scale £400 - £20 - £500. In the event of your being thus placed on the permanent establishment of the East Africa Protectorate your whole service as a Medical Officer as from the date of first appointment will ultimately count for pension, but if you are given a permanent

Preference in selecting candidates will be given to those possessing special qualifications in tropical medicine (such as the certificate or diploma of the London or Liverpool School of Tropical Medicine) or the Diploma of Public Health.

The medical officers now appointed will not necessarily be detailed for plague work in Mombasa. It is left to the discretion of the Governor to employ medical officers where and on such duties as he thinks fit, so that it is not possible to say whether the new officers will be required to carry on plague work in Mombasa or to perform the ordinary duties of a medical officer in other parts of the Protectorate.

Memorandum as to 6 vacancies for temporary  
Medical Officers in the East Africa Protectorate.

---

In connexion with measures which are being taken to deal with plague in Mombasa, it has been decided to increase the medical staff of the East Africa Protectorate temporarily.

The new appointments will be for 12 months in the first instance, but it is not unlikely that vacancies in the permanent staff will occur before the end of this period either in the East Africa Protectorate or in one of the other East African Protectorates, and in that event the medical officers now appointed on a temporary footing will be given first consideration.

The salary is £400 per annum, with quarters free or rent (or an allowance in lieu); free 1st class passage is provided to and from East Africa by the Government.

In the event of an officer holding a temporary appointment being placed on the permanent and pensionable staff in the East Africa Protectorate, he will be required to serve for three years from the date of first appointment on probation at a salary of £400 per annum, and then, if confirmed in his appointment, he will draw increments of £20 per annum until he reaches a salary of £500 per annum. His whole service from the date of first appointment will count for pension. There are certain senior posts to which a salary of £500 - £600 is attached and above these one or two staff appointments which carry higher salaries.

Mr. Harcourt

For the remaining vacancy for a temporary  
medical officer in the East Africa Protectorate I  
submit R. F. Priestley, M.R.C.S., L.R.C.P., M.B. B.C.  
Cantab., D.P.H. Cantab. Educated at Caius College,  
Cambridge and St. Thomas' Hospital. 20 years old.

When he was interviewed by the Medical  
Committee on the 29th of November 1910 he impressed  
the Committee favourably and was classed as "Very  
suitable". He was selected for appointment as a  
Medical Officer in the Straits Settlements in 1911,  
and resigned last year on the plea of ill-health.  
The Principal Medical Officer in the Straits Settlements  
does not appear to have been entirely satisfied with  
Dr. Priestley on account of his "temperament", but  
the East African Department, to whom reference has  
been made, are prepared to try him as they are very  
hard up for a man. If he is selected he will, of  
course, have to undergo a searching medical examina-  
tion.

The Patronage Department have been consulted  
with regards to this case and I make this submission  
with their concurrence.

W. Russell

For his paper containing  
resumes I submit

1. E. N. Russell 29. Single

M.B.S. M.R.C.P. M.B. B.C. (Cantab.)  
Educated at Cheltenham and Trinity  
College, Cambridge. Has held two  
House Surgeon appointments in general  
hospitals & has had some months  
experience in the Balkan front -  
served with Red Cross Unit through  
the Siege of Sarajevo. Classified in the  
Medical Committee as 'Very Satisfactory'  
and described as 'Very good type of  
man. Pleasant manner & perfectly able.'

2. H. V. Welch M.B.S. M.R.C.P. M.B. B.S.

26. Single. Educated at Dulwich &  
St Thomas' Hospital. Has held  
several resident appointments in  
general hospitals & has had two months'

7 3 years on probation as from  
date of first temporary appt -  
then go up by £20 per to £2500  
pa.

4. Desirable that they should have  
S.T.M. "Synthetic" or D.P.H.  
or both; but in view of urgent  
need for them in S.A. and as both  
of these "Synthetic" may be raised

5. They will not necessarily be  
put on to pleural work & especially  
if not qualified in tropical  
medicine; they will (in all probability)  
in that case replace members of  
existing staff in other ordinary  
duties on parts of the staff.

6. Prof. Simpson suggests for one  
of these vacancies

J. Marshall  
c/o Colonel King  
Clovelly  
Rogton Grove  
Hatch End.

Mr Harcourt. <sup>(in fact)</sup>

For one of these appointments I submit  
W. Tudhope, M.B., Ch.B. Glasgow: 23: single; educated  
in Glasgow; good medical qualifications: has held  
good resident appointments and has worked for D.P.H  
at Cambridge, but failed in one subject. Is classed  
by the Medical Department in the "Higher Grade" and  
described as self-possessed and decided in manner.

For the second of these appointments, I  
submit:

R.W. SPENCE, M.R.C.S., L.R.C.P. (London) 26:  
single. Educated at Epsom College, King's College,  
London, and Westminster Hospital. Now holding a  
resident appointment as Assistant House Surgeon at  
Westminster Hospital. Classed by the Medical  
Committee as "Very suitable" and described as  
"pleasant and intelligent and likely to be popular  
with his colleagues". Dr. Spence is taking his  
M.B., B.S. in a month or two's time and the Department  
have declared themselves willing to wait until he

Mr. Fisher

Dear Sir

I fear that this is the <sup>most</sup> ~~most~~ request I might be able to find you are a too new, but I doubt whether I can in three terms for some reason a other has <sup>been</sup> ~~been~~ of medical candidates has done up in an extraordinary manner during the last 3 or 4 months, and I have not got half a dozen good men in my books all told.

The only thing that I can suggest is that you should try advertisement, but I feel very doubtful of success unless you improve the terms.

Yours 24. 7. 13.

I have now seen the papers on which this request is based. Had I done so, I should have pointed out the absurdity of the request, in present circumstances. AF 24

2. I enc. this telegram - send  
copy of Manning corresp. for inf. -  
say that every effort will be made  
to send out the m.o.s. required  
as soon as possible, if necessary  
without waiting for the J. T. W.  
Qualific. or the D. P. H. -  
As to the Janitry Inspector  
who is available locally  
(see 22994) say that Sgt.  
presumes that he is being  
engaged at £200 + 10 - £250  
like the others recently sent  
out to Cal.

③ Vac. form to P.S. for
