? Insert slip in African 775 between 19 and 20, and in African 836 after 20

"Medical Officers on first appointment will be required to undergo a course of instruction for about 3 months either at the London School of Tropical Medicine or at the Liverpool School of Tropical Medicine. If for any reason a medical officer is prevented from taking such a course on first appointment, he will be required to do so at the first opportunity and he will not be eligible for admission to the permanent and pensionable staff of the Protectorate until he has taken one of these courses".
Then to P.S. to have any necessary insertion made in their Prints.

at reason in the 99 CIC 1/1

Would it not also be useful to have a despatch to the Protectorates first saying that a case had recently come to Secretary of State's notice where a Medical Officer has been appointed to the permanent staff without having first undergone a course etc. etc. and that in future Medical Officers must etc. etc. as in proposed slip above.

and in African 836 after 20:—

Medical officers on first appointments
will be required to undergo a course
of instruction for about three months,
either at the London School of Tropical
Medicine or at the Liverpool
School of Tropical Medicine.
If, for any reason, a medical officer
is prevented from taking such a
course on first appointment, he
will be required to do so at the
first opportunity, & he will not
be eligible for admission to the permanent
& pensionable staff of the P.M. until
he has taken one of these courses
& obtained a certificate from the
School showing that he has
satisfied the authorities as to
his

his regularity of attendance,
proof of proficiency to obtain
which certificate he may be
required to undergo any examination
which the authorities of the
School may think fit.

Unless you see any
reason for not doing so, it would be
better to reprint these pamphlets.
These are already three or three copies
& an obligation in London 185
to be printed in 1856.

If you have any further con-
siderations in addition to the new
insertion they might be added to
the reprint

I have the honour to inform you that a man has recently been brought to my notice who is a medical officer who has been appointed to the permanent establishment of one of the African Protectorates without having first taken out the course of instruction for about 3 months either at the London or Liverpool School of Tropical Medicine.

2. I have to inform
you that in future
it must be understood
that, if a medical
specie is presented
from having such a
course in first
year, he will be
required to do so to
secure to so to the
first opportunity, & that
he will not be eligible
for admission to the
second year, & stop,
until he has taken
such a course and
retained a ~~certificate~~
