Sir,

I have the honor to inform you that it has been decided that Medical Officers in the service of the Uganda Post will in future be required to take a course of instruction in the treatment of Venereal Diseases. A course has been arranged this year commencing on the 1st of May and lasting for a month for newly appointed Medical Officers of Uganda and for those on leave. A small fee for the course, the instruction will be a small one, and is to be paid by the Post and

them afterwards? We do not pay for books
of the T.S. course or any other course that I
know of - e.g. finger print inst. when
we make men buy the Library's book. We
do not know the cost of this manual, but
small or big, do you think that we need
pay at all. ACC 10/3/13.

W.C.B. 11/3
The question has been raised as to
whether a separate manual on the
subject of paper has got to be
made. I think not. If a separate
precedent arose I would not do the
finger print case but not to T.S.

COLL OFFICE

45/Medical/240 (A.M.D.S.)

Your Commanding Officer Army General to
acknowledge the receipt of your letter No. 5163/1913
dated 22nd January, and 2094/A.A., dated 1st March,
1913, and in reply to acquaint you that arrangements
will be made for the gentlemen named in the
enclosed list of observation in the treatment
of Venereal Disease at the Military Hospital, Rochester Row,
London, S.W., and to report on their attendance and progress
as early as possible after the termination of the
treatment.

I am to suggest that these gentlemen be
advised to read up the subject before the commencement
of the course so that they may obtain the full benefit
of the instruction afforded them and to acquaint you
that the Officer in charge of the Military Hospital,
Rochester Row, has suggested that the Manual of Venereal
Disease by Royal Army Medical Corps Officers, and
published by the Oxford University Press, would be a
suitable book for this purpose.

Under Secretary of State,
Colonial Office.

Your obedient servant,

R.W. Wade
