The P.S. is getting for 3 admⁿ officers (for speculative vacancies) and 7 admⁿ officers (part instalment of the new large increase recently approved) - all in the 20 S. course. If they accept this condition, they will leave England at the end of the year. It is undoubtedly very desirable that men should

take this course before going out, and
as arrangements have now been made for them to spend 12 weeks
at the course in first approx. and
avoid all the trouble & heart burning
about taking the course during
leave. Moreover, subjects like
tropical hygiene, accounts, statistics
that must be useful to a man
to obtain knowledge of before
he goes rather than after he has
had to 'get along' as he can
