IMMIGRATION RESTRICTION ORDINANCE

1913

Sept

Last previous Paper.

States he intends to leave for B.E.A on 2nd Oct. As he desires to travel 3rd Class U.C. Coy state it will be necessary for him to take out L/C for £25 on the Mombasa Agents. Asks if this is necessary under Ordce.

Mr. R. B. ... Sir G. ...

I don't see what class of passage has to do with it except that the people probably know by experience that 3rd class people have more difficulty than 2nd

I should be obliged to reply that it will be necessary for him to get a certificate under 8(b) of the passport [1(b) of the rules as amended by 27th of 1910] and that pending this he is obtaining the certificate the course suggested by the U.C. would appear to be the simplest way of employing rule 8 a ii or if a ... maybe = a return passport (U.S.) 11/9/13

Sir
I had intended going to D.E. Africa
on 3rd Dec^r, and in sending Passage Money
to the Union Castle Line I was informed
by them that it would be necessary for
me as a 3rd class passenger to take out
a Lf. for £25 on their Promissory Agent's.

At the same time this Company send me
a Copy of Ordinances relating to D.E. A.
in support of their views on this I enclose
and which please return.

I fail to see in this Copy anything to
warrant the demand made by the Company

about any production Mexico being put into production

if you would be so good as to reply for return I

will feel extremely favored so my thanks are now limited

With thanks in anticipation

I am,

Yours truly,

J. S. [Signature]

100-1000 any [unclear]

as I informed them that I was a retired Army Warrant Officer on Pension.

Of course the great difference between 2nd & 3rd Class fare vizt 12 decided me on proceeding 3rd Class, as the voyage is only a matter of four weeks, and I also come by the accommodation of the Menu that they are quite good enough under circumstances.

My going rests on the fact of there being no suitable employment at Home, also that my son - age 22 is employed there as an Engineer, and I have been assured from other quarters that I would almost immediately obtain employment either at Mombasa or Nairobi when I arrived - This information is in my opinion accurate as Competition is not great - neither girls nor boys being wanted there -

I should now be glad to have your Authority as we proceed on the Ordinance so that I may be in a position to proceed
