Nurses in Zanzibar are used the same as Nurses in F.S. I do not think that we ought to treat them differently.

use of their services should
be retained by Govt

private houses by officials,
their time being wholly
occupied with their Hos-
pital duties.

2 If the Hospital
staff of Nurses is sufficiently
large to permit of their
being detailed for outside
duties, I do not think
that any extra fees
should be paid them.
And that the charges

think could be fixed
at something less than
what an official would
have to pay if he was
in Hospital. The Hospital
fee covers Subsistence, ~~and~~
nursing, medicine &
washing - medical
attendance he is entitled
to free - so probably
half fee would meet
