 their attending such cases, he
 does not consider that there would
 be any ground for allowing
 fees to retain any part of
 portion of fee paid for such
 attendance. In these
 circumstances Mr Harcourt
 would suggest for the consideration
 of Sir Edward Grey that, while
 any fees so paid to Surgeons
 in the past should not
 be recovered, it would be
 desirable that in future
 the fees should be retained by the Govt.
 for the maintenance of the
 hospital.

2. I am to add that the
 question of the fee to be charged to
 an officer for attending cases at
 his own house, should the necessary
 steps be adopted to permit of this,
 appears to be an engineering
 special consideration and to
 depend on the fee paid to officers
 in hospital, as to which Sir
 Harcourt has no information.

produced a birth certificate which states that his father was Irish & his mother Italian. (This is not at all impossible from his appearance).

His complaint is, of course, that he comes under the new European rules. He is not yet 23 & has been in the service since he was 15.

He left with me the attached $\frac{P}{L}$ which he had gave him. He also left with me the two lists herewith which should be returned.

Probably his telegraphic experience may be of some help to him.

(You will see that he has recently altered his name from Paulson to Molloy - (that of his father).

I think we might inform you of this affair, and full particulars in regard to his service & especially in regard to his qualifications as a postal clerk & telegraphist.

And return lists with couple, keep copies

The case is similar to that of Mr Long, whom we recently transferred to West Africa.

(I think one may reasonably feel exceptionally sympathetic in case of this sort, when the applicant has worked well & efficiently.)

Mr Long was admittedly European. If Mr Molloy's stated birth certificate is literally correct the position is very different, as an admixture of British blood he not be a bar to

high advancement in the Colonial arena. I think
we might ask you what is known about his
extraction?
