A most interesting & rather fuller set of reports from East Africa (201 instead of 171). In 1913, the district where we went out. We need not quarrel, I think, with Gov's decision only to include a part.

One could pick out scores of these reports as being of special interest - but the following call for particular notice -

111. Smith - I am sorry that the Governor speaks so poorly of him: surgery is certainly what he is keen on. 515

113. McClelland - Dir. of Agric: a difficult man. Rather at loggerheads with W. Stoddy, a most valuable Vet. officer.

114. Major - Ch. of Customs: excellent reports.

122. McClelland - Very good report

125. Macintosh - curiously, good report in view of Governor's recent reluctance to promote him: apparently not so good an Engineer as organiser.

126. Milne - a damning report. (Except for D. Hodges in Uganda, we are most unlucky in all our S. & P.M.O.'s: we must see that we do get a good man for 2 bar when it comes down to it.)

135. Wootley - needs a more - clearly a most admirable Police Officer: deserves any promotion he can be offered.

146. Orin - Dir. of Educ: pretty good report.

152. Roadford - very hopeful for the Sanitary Dept.

155. Reynolds - ^(Mrs.) cf. handling of Phenix case.

160. Roy - Dis. P. W. very qualified report.

162. Salkell - By no means the man we thought before he went to Sonchiland.

170. Small wood - again a very good report.

176. Stady - C.V.O. - very good report.

180. Tammeshull - excellently reported on

181. Tanner - not so good as we thought.

183. Taylor - Gen. High. They very well reported on. he. at most confidence in himself.

190. Waller - good report.

191. Ward - Principal Reg. of documents. Gen. thinks highly of him.

198. Woodman - very good report, as was to be expected.

20. Mr. Allen Smith would be a great loss, but in any case he cannot stay in 1914. very much longer.

176. Steady - C. V. O. very good report.

180. Tammeshull - excellently reported on

181. Tanner - not so good as our people.

Mr. Allen would be a great loss, but in any case he cannot stay in 1914 very much longer.

125. I should hope Mr. Youngster will be given a chance. His lack of technical qualifications militates against a transfer until he has an opportunity of showing that he can do what he is. The survey reports do not call for action.

189. Wright, Land Officer. He has I think

a very nice fellow

These are excellent reports - & amply sufficient.
Perhaps they even include some rather too
junior officers

Perhaps I may be allowed to add that

no 125 to H. H. H. H. H. is a just edition
of mine. I have not seen been more than

half a dozen times in my life but had a good
deal about him. He is rather a fine young fellow,

though no part of his own started life

with a heavy handerup; & has managed to
overcome it. The trouble is that he has not got

CONFIDENTIAL.

Sir,
