FORMS

Sir,

I have the honour to refer to Note 23 of the draft Estimates for 1914-15 in which provision is made for three additional Foresters, and to ask if the necessary steps may be taken to obtain suitable candidates as soon as it is considered safe to do so, so that the appointments will be allowed to stand.

I enclose herewith forms showing particulars of the vacancies from which you will observe that one of the posts may be filled by a man capable of demarcating and surveying forest areas. The most suitable candidate would probably be obtained

from the class of those recently appointed as Foresters in the Forest Department.

The Forester, Mr. J. G. French, has been asked to suggest names of candidates for selection to the two posts.

I have the honour to be,

Sir,

Your humble obedient servant,

 replace vacancies in the staff we have already
 offered the appointment to Mr. G. Hodge who was
 formerly recommended by you but who, when selected
 last October for one of these appointments, failed
 to pass the medical examination. His selection this
 time will, of course be subject to his being now
 found medically sound. Another of these appointments
 would probably be offered to Mr. J. Roberts who has
 been recommended by you but has not yet been up here
 for an interview.

I shall be very much obliged if you can
 give me the names of any other men whom you
 consider suitable for these appointments, stating
 the order in which you put them.

I shall be particularly glad to know at
 once, if possible, whether you are likely to be able
 to find us a man suitable for a post where survey
 work is required, as if you cannot we shall have
 to look elsewhere.
