This list contains well over 100 men. I do not follow the statement in para 2 that any difference as regards the financial position in connexion with the personnel will be affected only by an increase in staff. It is meant to be a reply to para 2 of an Insp. on G/L 12/22/14, who asked for the numbers, present conditions of financial effect of extending to them over the ordinary rates - i.e. presumably ordinary leave rates - applied in G/L 12/22/14 for the East African European staff. Sir,

Have the honor to acknowledge the receipt of your despatch No. 567 of the 8th of June transmitting a list of the European subordinates in the Uganda Railway Dept. ~~service~~ who have been serving under non-European conditions and regards have been expressed.

2. The second para. of your despatch is not quite clear to me, as it would seem to be impossible to extend to such a large number of officials as ~~are~~ included in the list ~~of the~~ ordinary leave regulations for European officers, without causing

causing some immediate  
increase in expenditure.

3. It will be convenient  
if ~~you~~ in replying to  
this slip, you would forward  
a copy of the <sup>general</sup> ~~order~~ ~~under~~  
wh. these subordinates  
European Railway officials  
have been serving hitherto.

SECRETARY TO THE COURT.
