MANCHESTER

27th Nov., 1911.

The Under Secretary of State,
Colonial Office, LONDON, E.W.

Sir,

With reference to the discussion we had the other day respecting the Juba River scheme, I beg to confirm the offer then made verbally, namely, that if Sir Percy Girouard could see his way to continue the experiments on the Juba River for another year we should be glad to contribute the sum of £250 towards the cost of the same. I think, also, we might be able to send out experts towards the end of next year.

2. I would, therefore, suggest that Sir Percy Girouard should be asked to state when would be the best time of the year for such a visit.

3. We should be very glad to receive a copy of the report on the experiments that are at present being conducted.

I am,

Sir,

Your obedient servant,

Arthur Hutton

Chairman.
