Trial of Abyssinian Mission to Harsh

Detailed proposal for the... meeting of some of
 the... members of the... and other...
 in Harsh... for...

Sir G. Fiddes

The reasons stated in the enclosure
 in 20/34 it is very important that this visit
 should take place it is impossible to form
 any idea of the expense involved in the
 last paragraph of his report the 22nd of Nov
 that Sir F. C. ... Major Doughty
 Wylie thought that the expense should not
 be paid it is not clear that he was
 contemplated such high grade visitors as the
 son of Menelik or Fitawari Hapta Giorgis.
 In any case if we stipulate that the cost
 shall be met by savings not hitherto taken

and accept his financial year, I think we
can proceed without prior reference to the
Treasury.

We should, however, ask the F.O. if
they see any objection, & say that, if they
don't Mr Harcourt proposes to approve. It seems
they have confined themselves to sending
Major Douglas Wylie's proposals to us for
observations & we have replied ^{that} Harcourt
sees no objection. But whether or not they
contemplated the sort of great quantities and
this may make a difference from the special

into account. In financial year, I think we
can proceed without their balance to the
treasury.

We should ~~be~~ the no. if
they see any objection to say that, if they
don't, Mr Harcourt proposes to approve, & I think
they have confined themselves to sending
Major Doughty Wylie's proposals to us for
observations, & we have replied ^{that} Mr Harcourt
sees no objection. But neither we nor they
contemplated the visit of great dignitaries, and
this may make a difference from the special

I agree - we will then take the President
the political ground that of the latter
agreed that they will be in favour of the
operation & thus coming approved of
in the course.

I agree - we will then take
place. We ought to pay for
expenses in connection with it.
