

of a satisfactory medical
examination may be
made a condition pre-
cedent to appt.

With refer to the 1st
par of your despatch I
would have that my
despatch No 963 was not
intended to direct the
discontinuation of the
detached medical reports
of the gazetted attendants
of officers, which are of
value to the medical
advisers of this Dept,
but merely to ask that,
in addition, a report might
be sent suitable for com-
munication to the relatives
of the deceased.

I enclose a copy of the
letter which I intended to
be addressed to Mr Hook
in order to show the kind
of report which is required
for this purpose. You

(Subject)

Mr Waring - Proposed transfer to Rly Dept

The proposals contained in my despatch
No 203 are entertained, recommend transfer of Waring
from Survey to Railway on £450 to fill vacancy
of Assistant Engineer, Commr and d'and officer appt
though sorry to lose Waring.

(Minutes)

Mr Contadas

I mentioned to you the
other day that Mr Waring
was known as an Engineer,
not as a Purveyor & I think this
profession is a good one, as he
is a good generalist
as an Engineer.

Reply that as Mr Waring
appears to have not to be a qualified
Purveyor but to have good
qualifications as an Engineer
the transfer might be favourably
considered by the Genl Manager
in relation.

discussed proposals for the Railway
staff - but not lower that of
office cannot be found for Mr.
W. it is open to the Comr to des-
pise with his services at the
end of his agreement in July 1966

DRAFT.

E. A. P. No 4344

Per D. Stewart

28 September 05

Sir

I have the honor to
ack the receipt of
Mr Jackson's letter
of the 27th inst on the
subject of the proposed
transfer of Mr Waring
from the Survey to the
Railway Dept.

As Mr Waring's
qualifications appear to
be rather those of an
engineer than those of
a surveyor, the question
of transfer might be
favorably considered
by the General Manager

MINUTE.
