 Mr. Read  
 I recall best to note that  
 the fact is and should be put  
 honorably at £ 163,000

 This will be £ 10,000 more  
 than last year. I think  
 we did certainly cut it down.  
 But let the £ 163,000

Members you think there is a  
probability of your Dept being  
able to give the Treasury more  
complete information before the  
Colonial Services Estimate is sent  
in. By the 13<sup>th</sup> January it might  
be as well to let the Treasury  
have this information given in this  
Telegram & ask authority for  
the provisional insertion of the  
£163,000 suggested in the Minutes?
