Disprover and McAllister Concessions

Notes for internal use

(Minutes.)

Mr. Condoas  
 On Dec. 8<sup>th</sup> (43255) was  
 told Lord Nelson that he desired  
 to obtain the opinion of the Com.  
 in the matter before deciding  
 as to one alteration wh. Lord N  
 desired to be introduced in  
 the Disprover of McAllister  
 lease. It was added that it  
 was probable that the lease of  
 the Mabira Forest lease would  
 be followed in any amended

conception

We heard in April 11921 that Mr. Hutelers had not had time to report on the Murk Forest but that Mr. Belliscomb and some - He has not yet had his report.
