Drainage of Harar

Consider course recommended by Comtee might be adopted, or main drainage continued next year. Agree as to advantage of having labor engaged to examine and also for officers to suggest for the info that plans will be sent off in about a month & that in the mean time work will be carried on with plans attached to report.

(Minutes.)

Mr. Read

Very much approved, remembering as to
plans & also send copy of the letter to
Williams, in favor of his report on C.E.
on proposed one 24533. If C.A. is in
that paper enable for the first of material
send copy of complete report to you off

Mr. A. Wilson

So proceed - & we should
ask Mr. W. to see Mr. Williams
before he goes out to take up the
part of Comtee of works?

In I think entirely correct
as to the app of Mr. Williams
to the existing drainage
thinks that we are getting
more work
