Mr. Goldie asked the other boys - to discuss
the whole question with me. I pointed out that
his best chance of getting to N. Nigeria was
to ask for a transfer to N. Africa, since
if applied for N. Nigeria come, would only
be considered with several other men already in
the L.A.P. & on the recurrence of a N. Nig.
vacancy, when he might be in S. Africa,
where if he were in N. Africa, his chances wd. be much
I told him also that we have 8 men in the

... it is not here to be applied to the staff
before he can be transferred. It is quite
understood that he may have to wait some
time before the chance of being being him
to any W.M. is long gone, though I
further that he will be very glad to be transferred
before the expiration of his present lease,
which, I understand, expires about the end
of Sept.

I don't think it is likely that we shall have
started all the 8 Reservoirs by September
though it is likely that six of them (as
those who have already got the certificates of the
S.M.) may have been applied for by that time.

I think that we might send him a senior
the two men now at the school, so that if
a vacancy occurs by Sept he might be
given the last vacancy.

The "personal impression" was very favourable.
Thought him distinctly above the average of our
recent W.M.P. candidates.

Reply that he will be noted for mention
on the occurrence of vacancies.

I kept this to note - but it appears rather that
it is for Mr Robinson to note - although I concur
in any case.
