Reemployment.

Subst. apply.

(Minutes.)

Mr. Ellis
Pat. Div.

This man was an NCO in a
line Regt. originally, & is
certainly entitled for
appointment as an Officer.
The reports we have
received from the E.A.P. as to
his capabilities & performance
as a subordinate are not
good, and he is therefore
unavailable for employment

I agree

as a Sgt Instructor or NCO
of Police.
I hope that no hope is
held that he will
be found for his further
employment.

Mr. Reed

I have had a long interview with him - he
is a decent man & not unimpressing little fellow
I told him definitely I thought there was no hope
of his being further employed by the C.O. He asked me
what I had if there was anything detrimental to him
in his papers, & I declined to answer.

He asked if we could not give him any letter more
likely to help him to further work than that of the
2nd of July. I told him I was afraid not, but
that he could write us if he wished.
He wanted to go & see you, but I tried to discourage him.

He came to see me. He
is going to write to you.

10 year No 22384/1908

Sir
I have the honour to request an appointment in some other Colonial Police Force - since the one I have held up to now in the East Africa Protectorate has been abolished.

I should however prefer an appointment - now or less healthy climate, as during the period

served in No. 6 a force. I have been working just over 2 years at Kisumu - the most unhealthy station in the Protectorate - was on the Coast for 7 months of the remaining period.

May I also draw your attention to the fact that at the R. West Coast Stabilisation Depot where I have been undergoing a course of instruction, I believe I have given entire satisfaction to the instructor

as a - officer of 'olice.

Moreover since I have had

6 post. for my name &
owing to the course of
reduction for which alone
I came to England, instead

of being married - New
Zealand, as was my original
intention. I shall consider

it as a favor if you would
communicate with me as
soon as convenient of the

subject, as a preliminary
to the unexpected abolition
of all the my affairs

Might I suggest the Fifth
or Northern Nigeria as more
or less healthy. I am
personally known to Capt
U E Johnson D.S.O. chief of
the Northern Nigeria Police
& I am sure he would recom-
mend an appointment in the
Cops.

I have the honor to be
Sir

Your Most Obedient
Servant

Richard
D. S. O.

as a - officer of 'place.

However since I have had

to post. for my marriage
owing to the course of
instruction for which alone
I came to England, instead

of being married - how
jealous, as was my original
intention. I shall consider

it an honour if you would
communicate with me as
soon as convenient of the
subject, as a present duty
to the unexpected abolition
of my office: my affairs

might I suggest the fight
in Northern Nigeria as more
or less healthy. I am
personally known to Capt
W E Johnson D.S.O. Chief of
the Northern Nigeria Police
& am sure he would recom-
mend an appointment in his
corps.

I have the honour to be

 while not being one of the best he has been allowed to complete his course
 he would probably have gained high marks on the various
 subjects. His conduct was excellent he paid his fees well.
