Mr. Regid

I take it that he misrepresents his conversation with Mr. Cobb.

It appears from Mr. Ellis' minute on draft in 1884 that Mr. Likeman is entitled to a gratuity. It appears in the minutes of the office of European Affairs that it is stated that the office of European Affairs should consult the Secretary of State in this case. The Secretary of State is in the Finance Dept.

To go for Conf case 27 Aug.
