

absence of any special extraction the
being made here out of the 5

Dec 26

Mr. Read

Respected. The report
is unfortunate in that it does
not encourage us to hope for
actual mineral deposits or
to underground supplies of water
thence the report on the surface
roots of the hills is not
favourable. It shows the
danger of relying on water
at the surface of the hills is not
favourable.

The report of Mr. [unclear] opinion has
been [unclear] by the [unclear]
for the [unclear] [unclear]
brings on [unclear] which he
as clear as [unclear] [unclear]
costing £400 [unclear] [unclear]
done.

1872 11/2

also send 10 copies of the Report to
Mr. [unclear] the [unclear] & the [unclear]
the [unclear] Kingdom.

16 JAN. 08

Geological Survey Office,

33 GEORGE SQUARE,

EDINBURGH.

Jan 15th 1908

Sir,

With reference to your letter of 11th inst.
no. 45492/1908, I beg to inform you that separate
cover has been sent to accompany my report on the
geology of the East Africa Protectorate & to hope
that it may be published with the report.

I am in receipt of a 'proof' of the above report
& hope to return it with corrections to-morrow.

I have the honour to be,

Sir,

Your obedient Servant.

H. Brantwood Neuff

The Under Secretary of State
Colonial Office
