Dear

I have the honor to acknowledge your letter of 27<sup>th</sup> Jan of 1908 and to state that the Royal Ordnance Company gladly accepts the conditions laid down in the latter part of your letter.

The work of the company in East Africa has at all times to be carried out in the best interests of Her Majesty and to justify in the future the confidence and support extended to them by the Colonial Office now and in the past.

In regard to paragraph (b) of your letter I need call this morning to explain what form these recognisances should take

Yours faithfully

*James Buchanan*

Permanent London Secretary
