My Lord,

With reference to my despatch No. 445 of August 4th forwarding a list of appointments which should be regarded as pensionable I have the honour to recommend that the post of Matron of the European Hospital be added to the list.

2. The grant of pension rights would ordinarily of course be subject to the usual three years probation, but in the case of the present holder, Miss R.E. Stollard, who has ten years service in Hongkong, I would suggest that this be dispensed with.

I have the honour to be
Your Lordship's humble
obedient servant,

[Signature]
GOVERNOR.
