29th March/09.

The Under Secretary of State for the Colonies.

Sir.

Replying further to your ^W No. 4241/1901, I regret to inform you that after applying in every conceivable direction for employment, I have been unsuccessful. If it were possible for me to undertake the duties of a ship's officer I should not have much difficulty but, the physical exertion required is too much for me at present, as it is I am obliged to seek some lighter work, which is extremely difficult to obtain.

I feel bound to again appeal to you to try & assist me. I am quite confident that if I could find something of a sedentary nature either here or abroad I could safely undertake it.

My position has become so acute that unless I hear of something shortly, I shall be obliged to sacrifice my home, this anxiety is a very great strain. I am certain that with employment my health would improve. Under the circumstances the salary would not be so much an object as settled occupation.

Trusting you will be pleased to give this your further consideration.

I am,

Sir,

Your obedient servant,

A. W. Wright.

late Comdr of Vaucluse.
