Subsequent Paper

W. F. Adder  
Capt. Brummond & Mr. Handberg  
see going to telegraph privately to the head  
Office about this concession with a view of

to letting the local authorities head as  
soon as possible what they wanted. The  
tel. may be the outcome of their  
action & I think they will feel better  
communicate the substance of it better  
& see if they can arrange to have the  
restrictions relaxed finally.

I would certainly not do this, it would be  
more like accepting the principle of the  
scheme. There is no reason why the S. of S.  
should not have an opportunity of criticizing the  
proposals before, if ever, he sends the matter  
for local settlement.

There is a good deal of criticism  
might be offered - The Norfolk Council  
did, and there is no reason for granting  
to Cape Breton what they do not do to  
Schlesinger or any one else. - Presumably  
W.S. has been quite troublesome differently. It  
that Cape B. can get out of us what he  
wants.

Apparently the outline of the finance  
is this - To provide a working capital of  
£30,000 & of £20,000 is needed  
£50,000 is held in reserve. £10,000  
is shown over to W.S. he gives Cape B.

£10,000 in cash and £12,500 in  
shares or payments for getting the  
concession.

As a rule we have no means of  
knowing the ~~part~~ details of the arrangements  
between the promoters of the concession. There  
is a case in difference, as they have put the  
S. of S. with knowledge regarding the  
concession.

I think it is the matter proposed by  
Mr. Fuller in the old paper scheme. That  
when the Gov. Dept. is matter of  
the Gov. Dept. Concessions C. B. If it becomes  
that stage it is the matter of the Gov. Dept.  
for settlement. However, in the  
case of C. A. in the matter of the Gov. Dept.

I agree with Mr. Fiddes.

I agree and then need to be  
real loss of time in so doing
