In Regard to the fact that Dr. Saxton is very ill & that we shall probably get an application for a compassionate allowance. But we shall wait for this.

It is also recommended that we advise Mr. G. C. that when we hear from Dr. Saxton, why not authorise the L.A. to pay him a small sum.

I learn from Mr. G. C. that

DICTATED.

Dear Mr. Parkinson,

I have received your letter with regard to the late Mr. Saxton. We have not had a communication from Dr. Shell, nor have any specimens from the post mortem been received here. We shall be pleased to report on receipt of these.

Before Mr. Saxton left East Africa he reported to Dr. P. J. Ross, some blood smears from the patient were sent and on examination of these in the Bureau the diagnosis of leprosy was shown to be present.

Yours sincerely,

P. J. Ross
