condition of the election of the Society of 1000.

Frank and I explain his position to you in no. 34.

Memorandum number one outlines the reasons of

beneath of his boundary commission for a limit of 1000.

Even if I can do nothing to help him in the election of the 1000

I hope he believes it better to remain

subject to local things as they is up to him to decide.

He will be able to conclude a definite arrangement.

Frank Zemah is also requesting for his people to

continuouly work on the frontier and for me to have

it could be better to locate Zemah's Isaxu, in the center

of his front in the middle of a frontier.

He is a very independent type of a person who

is I believe difficult to control.

I presume that the frontier will be longer in the

sense of 1000 and I want to go in accordance with

of a visual distance to the frontier.

The first frontier beyond the line of 1000 which I

should be able to do is to make a mark through

Private Correspondence

With reference to your recent letter I

have the honor to inform you that

favourable arrangements have been made for his removal from Cap-

Rouen to replace him at once and I shall shortly be

able to dispense extrinsic services. That it is impossible

however to expect that a proper and satisfactory

removal can be effected without the intervention of the

French Government or the French Ambassador.

In the event of his death, some arrangement will be made

internal affairs will be left entirely to the French

Government, but I am associated with my hope of

definite action in this regard.

The arrangements proposed by me are the following:

of retaining my position of chargé d'affaires

in Paris.

and of continuing my services to the

Sir:-

With reference to my letter 471 of the 11th instant, relative to the grant of leave of absence to Mr. Zaphiro, I am directed by Secretary Sir E. Grey to transmit to you herewith, for the information of the Secretary of State for the Colonies, a copy of a despatch from His Majesty's Minister at Adis Ababa on the subject.

The question of the payment of Mr. Zaphiro's travelling expenses is one for the decision of the Earl of Crewe, but I am to observe in this connexion that members of His Majesty's Legation at Adis Ababa are allowed, under an arrangement sanctioned by the Treasury on November 27th, 1908, to charge full travelling expenses for journeys on leave between that place and Jibuti. In view of the good work done by Mr. Zaphiro and of the fact that he was obliged to return to Adis Ababa from the frontier in connexion
