No. 11.

My Lord,

In obedience to the instructions contained in

299
24563

Mr. Lytton's despatch No. 426 of September 22nd on the subject of granting to the Agent General at Bombay for

the British Protectorates in Eastern Africa an extension of his powers in connection with the leave of Indians, I

have the honour to submit the following report:-

With regard to extensions of leave, I consider that

each case should be considered by the Head of the

Department concerned and I deprecate the granting of

absolute powers to Mr. Sisson in this respect. At the

same time I am fully alive to the inconvenience which

may be caused to officials overstaying their leave through

no fault of their own, and in order to obviate this I

see no objection to authority being given to Mr. Simson to issue advances in such cases, at his discretion, sufficient to pay for the officials' tickets and expenses. Each case would be then considered on the arrival of the official in Africa with a view to a refund if necessary.

3. The question of food allowances is a small one, and except that it necessitates a slight increase in expense, calls for no comment.

4. With regard to the question of passages via Aden, the reason why these were not allowed formerly was owing to expense. Latterly the Austrian Lloyd Company has issued tickets via Aden at the same rate as direct passages from Bombay by the British India and German Boats, and passages have been granted accordingly.

Provided that Your Lordship sees no objection to the additional expense, there is no reason why passages via Aden should not be granted by any line.

I have the honour to be,
 With the highest respect,
 My Lord,

Your Lordship's most obedient,
 humble servant,

Frederick Muller
