Appt of Assistant Conservator of Forests.

Subsequent Paper

Requests - on the ordinary two year agreement.
Appt shd be given to a duly qualified man with
experience of forestry work

(Minutes)

Mr. Read.

These people are "Forest Assistants" in the
Staff list, "Assistants" in the Estimates &
"Assistant Conservators" here and in the 70
papers I saw.

Now the fifth man was appointed on
the Estimates, but 70 took no step in the
matter.

Salary £250, two years appt. presum-
ably without leave (see draft to Mr.
Bathwick's letter). I suppose first class
passage should be granted, with
half pay on voyages out and home?

The 70 appear to have picked up their
man locally on the recommendation of some
Associate the Conservator.

Mr. Read
I put up the papers of
the only candidates on our books who
seem any use. Of these I think
1. Campbell (6626/05) is the most
but he has never been here,
his testimonials have been arranged
with H. C. Howard his 2nd referee,
is a cousin of the other Howard, so it
would no doubt be possible to get some
reliable information about him
and no doubt we could get his testimonials
at once - see for 1 of his recent letters.
Mr. Cox seems also to have some acquaintance
with him.
Mr. Douglas (46493/06) is now
has never called there.
Balfour might be worth trying

His original testimonials
have been returned. It seems to have had
a certain amount of practical experience
and a definite amount of scientific instruction.
Mr. Hood (3103/03) is 29. He
has certificates in forestry and is a
Fellow of the Surveyors' Institute. His
experience is not specially in forestry.
His address was in Essex in Dec 1903, so
no doubt he could be seen if it were
thought desirable, but he wants £400, &
prefers S.A.P., etc.

Mr. Binney (41329/03) is 27,
educated at Rossall & the Horticultural
College at Swanley. He applied for S. O. Nij,
at £164 a year. But although he claims to
be a forester, and to have had forestry
experience, his testimonials suggest that
he is more of a nursery gardener. He has
called, but I am very doubtful whether
any of these men are good enough
certainly more could be taken without
a good deal of further enquiry.

I think that you had better ask
Dr. Schell's Professor Marshall Ward of
Cambridge, whether they are recommended
candidates. If they are so, you can
compare their names with those given above.

Commissioner's Office,

Mombasa,

May 9th 1905.

I have the honour to ask that steps may be taken for
the appointment of the ordinary two years' agreement of the
additional assistant conservator of forests sanctioned in
the estimates for 1905-1906. It is desirable that the
appointment be given to a duly qualified man with
experience of forestry work.

I have the honour to be,

Sir,

Very most obedient,

Dear Sir

Your letter of the 28th June
has been sent after me but for
the last three weeks I have been
too ill to deal with correspondence.

I am now on my way back,
& hope to reach Cambridge within
the next ten days or fortnight.

At present, however, I know of
no candidate suitable for the
post to which you refer, but
in the event of one presenting
himself, I will at once com-
municate with you.

I am

Yours sincerely

H. Marshall
