Sir,

I have the honor to acknow-  
ledge the receipt of your No.  
44526/1906, in which you state  
that it has been decided that  
the question of pension cannot be  
further entertained.

Under these circumstances and  
having thought the matter carefully  
over I beg to request that I  
may, if possible, be transferred  
to some other part of the service.

Colonial Office and the post I  
should most desire to be sent  
to is one of the West India  
Islands.

If therefore my name can  
be noted in this connection I  
shall receive it as a favour as  
I have already stated  
in a previous despatch strongly  
averse to returning to the East  
Africa I contribute for the  
wages given there.

Should the matter of my  
transfer be a capable of arrangement  
I should be glad to  
know of it in the event of my  
leaving to serve the service  
of the Islands of the West Indies.

would be willing to give <sup>me</sup> <sup>121</sup>  
a gratuity of  $\text{£}500$  two years delay  
in lieu of pension, and considering  
that my resignation would effect  
an economy of  $\text{£}100$  per annum  
in the expenditure of the  
Protectorate I do not think  
that this request can be  
considered unreasonable.

I have the honour to be

I will get time as  
 transfer could be arranged by arrangement of certain family -  
 I should of course be the one in which I touched  
 my first interview with  
 the matter but until in November last a  
 raising occurred, I should think I am sorry to say,  
 be very glad if the matter not yet adjudged.  
 will be arranged on this  
 basis in view of the great  
 reluctance I feel to returning
