Command of S.S. "Sylbil"

Hutton has been relieved of, owing to accident reported in vol. 150 See despatch 404. Wish to engage Lt Wright of Fort as Chief Officer to fill vacancy Wright accepts. Requests Army be asked to send him as soon as possible

Mr Read.

(Minutes.)

The salaries in the Staff List are:-
Commander £360 a year
Chief Officer Rs. 375 a month = £300 a year.
Mr. Hutton was the Commander of the "Sylbil" & I presume it is intended to promote one of the Chief Officers to the Command. But Lieut. Wright was considered for the Command of the in the Lake Steamship service in 1903 (when Mr. Hutton was engaged) and it is strange that he should accept a Chief Officership. Sir F.O. told me that his name was not on the list, or kinds are rather tidy, but they should go, first of all, to Private Secretary & Mr. Hutton, since if they have a man with better claims, I believe P.S. has someone noted.
The engagement is for three years.
