Mr. Antistone

For one of them vacancies I recommend D. A. J. Dorster, 27, High. He is M.B.C.S. Eng. L.R.C.P. Lond. He has experience in Hongkong, Japan & Straits Settlements. Excellent physique, good manners & address. He has received the Japanese Order of the Rising Sun with the bronze medal for life saving. His references are satisfactory, but I am also enquiring of his present employer, and while I have time, I saw the papers on now for provisional approval, I would expect that the appointment

M^r. Andrews

For the existing vacancy for a Medical Officer in the East African Protectorate, I suggest Dr. Alex. Robertson. He is 28 x single x his qualifications are Bachelor of Medicine x Bachelor of Surgery obtained at Aberdeen in April 1902. He has had hospital experience x some locum tenens work x in addition he has obtained the Diplome in Public Health x has been through the school of Tropical Medicine. As the selected candidate is required to start at once, these qualifications may perhaps outweigh a doubtful personal impression: he is the son of a guard, x probably the 'bedside manner' will disappear in East Africa. The testimonials are good x the referees replies satisfactory.
