Mr. Reed I was told yesterday by
Mr. Hardy that Lord Hardship
was invested of land for
no less than 20,000
the Tana in the names of
20 different persons.
This is the practice known
amongst which is permissible
in the land with fine & compen-
ment
I am inclined to telegraphed
regarding the said land
Lord Hardship now holds

either in his own name or in the name
of members of his family or otherwise
if for how much he is offering men
having the means as to the Terra
Luna

Mr. Goldmann said the other day
that if his Synchro had gone to
work by offering for their songs
notes in the name of 50 men
of straw they could have got
it all without any trouble.

Malaga we keep a strict watch
on drawings & transfers. The
company is not to be justified,

In the matter of Japan we have had it all

the subject of land
application by a
lot of land thereof
then the basis to be
from you that my
attention has been
drawn to the possibility
of some change in
regulations as to the
maximum amount
of land to be granted
under such

by the device known as
decommutation, or by
procuring other persons
to make applications
in their own names on
the understanding that
the land granted shall
be transferred to their
employers.

Under the 95th section
of the N. Zealand Land
Act No 57 of 1892,
of which a copy is enclosed,
it is provided that such
arrangements are
permissible with fine
improvements, and
I should be glad to receive
a report from you on
the advisability of introducing
a similar provision
in the new Land Act
