Uganda Paper

Deaths from Blackwater Fever

Entomologist - At the end of last June, in the course of last year there were four hundred cases of blackwater fever in East Africa and Uganda districts.

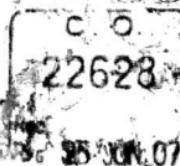

Mr. Henni, I think that the best place will be to send the first serial copies of Entomologist 21332, & the rest, saying that a copy of the reply from Uganda will be sent when we have it.

H. J. R.
