**MOTURING TOPICS**

**THE T.T. RACES**

Results of the late of Man Events.

**THE FIVE ALICES**

The following are the results in the various classes of the Fourth T.T. Five Alice motor race held over the late of this season:

**Class Light-weight 110 cc.**

1. W. L. Hamilton (N. J.)  
2. W. O. Johnson (N. J.)  
3. F. O. Morgan (N. J.)

**GEARING**

It is important that the gear ratio of an engine should be suited to the work it is to do. The gear ratio is the ratio of the number of teeth on the driving gear to the number of teeth on the driven gear. The gear ratio is important because it determines the speed and torque of the engine. A high gear ratio is suitable for high speed work, while a low gear ratio is suitable for low speed work.

**SEARCHING FOR SOUNDS**

Buffing Noises Traced to Obscure Causes.

**SOME AMUSING MISTAKES**

The day is not far distant when the motor car will be a common sight on the roads of the Empire. The motor car is a machine which is capable of doing a great deal of work. It is a machine which is capable of doing a great deal of work. It is a machine which is capable of doing a great deal of work.

**Class Light-weight 110 cc.**

1. W. L. Hamilton (N. J.)  
2. W. O. Johnson (N. J.)  
3. F. O. Morgan (N. J.)

**Class 200 cc.**

1. G. W. Johnson (N. J.)  
2. C. O. Johnson (N. J.)  
3. J. O. Johnson (N. J.)

**Class 300 cc.**

1. W. L. Hamilton (N. J.)  
2. W. O. Johnson (N. J.)  
3. F. O. Morgan (N. J.)

**TYRES**

One of the most important parts of a motor car is the tyre. The tyre is the part of the car which comes in contact with the road. It is the part of the car which supports the weight of the car and provides the means of propulsion. The tyre is a very important part of the car and it is important that it should be kept in good condition.

**BUCKLE UP**

Despite the fact that the motor car is a machine which is capable of doing a great deal of work, it is important that it should be kept in good condition. The motor car is a machine which is capable of doing a great deal of work. It is a machine which is capable of doing a great deal of work.

## WOMEN DRIVERS.

### A Few Hints to Lady Owners on Motoring.

COURTESY OF THE ROAD.

Some time ago when Margaret J. Vaughan in the distance I read the contents of a letter from the writer, in concise good, and I felt that it might be of use to other lady drivers who are on the fringe of the motor, and that it might be of use to other lady drivers who are on the fringe of the motor, and that it might be of use to other lady drivers who are on the fringe of the motor.

### WHAT IS GOOD DRIVING?

There are many women drivers who have never had a lesson in driving, and who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

In using the road it is often to be considered for others. It is not necessary to use the road as if it were your own, but to use it as if it were the road of others.

## MOTURING TOPICS

### TRAFFIC IN U.S.A.

#### Problems which Confront Americans.

LATEST TIPS.

The following letter received by The Editor of the East African Standard from Mr. J. D. Lawrence, of Messrs. Ford, Lincoln & Co., of New York, contains some very interesting information on the traffic in America, which will be of interest to our readers.

"I know you like to 'take a horse show' and 'four other things.' The traffic here is quite surprising. Most American people like the idea of the motor, and they are not content with one car, but they have two or three.

"Last July I was taken for a drive and only one car was seen. We had to go on a very long drive and we had to go on a very long drive and we had to go on a very long drive.

"I am in Chicago, but I will give you a few tips on the traffic in America. The first thing is to be careful of the road, and to be careful of the road, and to be careful of the road.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

### SOISSORS and PASTIC

During the month of April it was found that the most popular brand of scissors in New York City was the brand known as 'Soissors' and 'Pastic'.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

"I have met many people who are not aware of the many points which are so important in driving, and who are not aware of the many points which are so important in driving.

**OUR LONDON LETTER**

Universal Summer Heat.

HERGOLD'S METEOROLOGY

London, June 18

Although the hot weather continues, and on the whole the weather is very hot, and on the whole, it is really summer in the sense of the weather.

At 10 p.m. the temperature was 72° F. and the humidity was 80 per cent. The wind was from the S.W. with a velocity of 10 to 15 m.p.h. The moon was seen at 7 p.m. and set at 11 p.m.

**ROYAL ASSOCIATION**

Perhaps the largest association of the kind in the world...

The Association was formed in 1882 and has since that time been working for the betterment of the race.

**WHITE AROSC**

It is called a white Arosc because of the fact that it is made of a white metal. It is a very strong and reliable material, and is used for many purposes.

The Arosc is made of a white metal which is very strong and reliable. It is used for many purposes, and is a very good material.

**AMUSEMENTS AT WEEKEND**

Of course, purely outdoor sport is the order of the day. The people are out in the open air, and are enjoying the sun and the breeze.

The people are out in the open air, and are enjoying the sun and the breeze. The weather is very hot, and the humidity is 80 per cent.

**UNEMPLOYMENT**

In our case, the industrial situation is not so bad, and that has helped the Government to deal with the unemployment problem.

The Government has been successful in dealing with the unemployment problem. The number of unemployed has been reduced, and the situation is improving.

**MOTOR ACCIDENTS**

The car accident and loss has been the subject of much news. The people are interested in the safety of their cars, and the Government is taking steps to improve road conditions.

The Government is taking steps to improve road conditions. The people are interested in the safety of their cars, and the Government is taking steps to improve road conditions.

**WATERLOO RIDING**

Cheerily, however, we can not say that the riding season is a success. The weather is very hot, and the humidity is 80 per cent. The people are interested in the safety of their horses, and the Government is taking steps to improve riding conditions.

The Government is taking steps to improve riding conditions. The people are interested in the safety of their horses, and the Government is taking steps to improve riding conditions.

**SHOTGUNS, RIFLES, AMMUNITION.**

**CHAS. A. HEYER & Co.**

It is to be expected that they have been increased in volume as a result of the war. The demand for shotguns and rifles has increased, and the supply of ammunition has also increased.

The demand for shotguns and rifles has increased, and the supply of ammunition has also increased. The Government is taking steps to improve the supply of shotguns and rifles, and the supply of ammunition is also being improved.

## COUNTRY CRICKET

Rain Again Interferes with Play.

**SULLIVAN'S BATS WELL.**  
[Review of match.]  
The following were the scores at the close of the first day's play: Sullivan 110, Brown 80, and the other batsmen were out for various scores. Sullivan's batting was particularly noteworthy.

## IS TENNIS SOFT?

Comparisons Between the Game and Cricket.

**EXPERT'S VIEWS.**  
The old controversy over the softness of tennis is revived in the columns of the Standard. It is pointed out that while cricket is a game of skill and strategy, tennis is often criticized for being too soft. The article discusses the differences in the two sports and offers expert opinions.
