MOTORING TOPICS

THE MAXWELL CAR.

Description of the Latest Model.

FLYING APPEARANCE.

The general appearance and finish of the Maxwell is immediately noticeable as a good example of the latest developments in motor car design. The body is finished in a tone of grey, and the wheels are of the latest design. The car is finished in a tone of grey, and the wheels are of the latest design.

The manufacturer claim that the great power cars have been taken in the production of the Maxwell, which is of the latest type, and that the flying wing are accordingly designed so as to be in line with the latest developments in motor car design.

CUTLER AND TRANSMISSION.

The chassis is a simple dry sump type with a bearing 7 1/2 inches in diameter. The engine is a four cylinder motor of the latest type, and the transmission is of the latest design. The car is finished in a tone of grey, and the wheels are of the latest design.

Tea of which you never tire

It is appeal never fails because Brooke Bond tea is always in perfect condition. The vacuum in guards all the delicate flavour and aroma entrapped to be appreciated the flavour of your five hundredth cup as much as you did that of your first.

Question No. 1.

Who Buies Automobiles Are Built, Built Well Build Them. Question No. 1. Answer: Because this type develops the greatest speed power. All first place winners of the Valves-in-Head events. Built pioneered the Valve-in-Head in 1904 and has used it ever since because it is more powerful, more economical and more dependable.

Question: Why do all of the great racing cars use Valve-in-Head engines? Answer: Because this type develops the greatest speed power. All first place winners of the Valves-in-Head events. Built pioneered the Valve-in-Head in 1904 and has used it ever since because it is more powerful, more economical and more dependable. Gillilan & Company, Ltd. 111, Market Street, Nairobi.

Keep two sticks in use - saves money

WHY The shaving stick solution, a certain amount of moisture when in use. By applying two OIBBS Cold Cream SHAVING STICKS and using them on alternate days, the 40 hours' work allows the moisture to evaporate little by little, the way to normal. Each week longer and give you more shave, to the stick.

The Cold Cream blended into OIBBS is so essential that it soothes and protects the most sensitive skin, and gives all the benefits of a cold cream massage.

RADIO FASHIONS.

Changing Opinions.

RESULTS OF RESEARCH.

There is no doubt increasing interest from the Institute of the world's scientists. They have been working with radio waves in the way of studying into the nature of the radio waves and their effect upon the human body. The results of their research are of great importance to the world's scientists. They have found that the radio waves have a powerful effect upon the human body. They have found that the radio waves have a powerful effect upon the human body. They have found that the radio waves have a powerful effect upon the human body.

AMATEUR TRIPHERS.

In radio, although the progress made from the past year, and nearly thirty years old, many factors have been advanced and more thoroughly can be used. One interesting example of this is the use of the use of short wave transmission. Formerly it was an accepted principle that the greater the distance to be bridged the longer the wave of the sending station. On these occasions there have appeared the great transmitting stations such as Caratara, which have appeared the great transmitting stations such as Caratara, which have appeared the great transmitting stations such as Caratara.
