SAURATH'S MATCH. U.K. Trade Mark. As announced, the match was a very good fight, and was an exciting game played, of which both the Chess Club and the Ladies members of the great love. The ladies members of the Chess Club were particularly strong this morning, an impressive display of skill in the drawing in European chess tables that they were receiving from their respective experts. T. H. Kington was the only player to be defeated by the Chess Club and the Madras Chess Club are of course for promoting both a successful and a profitable year.

Have you driven it?

If you take the wheel of the 1935 Oldsmobile Six and drive—do we invite you to—you will instantly recognize the superior low performance of this economical, long-lived Six which is little short of amazing.

It skims so smoothly over roughly rutted roads—in gateway is break-lacking—in accordance to rapid and vibrationless there is a new thrill in the power and speed on hills and the open road.

In all these things the car will arouse your highest estimation—you will admire the beauty of line and trimness of line.

Such quality could not be built into a car so modestly priced—except for the combined purchasing and manufacturing resources of the great General Motors Corporation and Oldsmobile.

MOTORING TOPICS

THE TYRE

Obtaining the Maximum Life.

AN EXPENSIVE ITEM

A set of tyres may cost as much as 50% more than the cost of the automobile. Consequently, the tyre motorist is a person who is spending the most money...

Driving is said to be the most difficult in order to use a tyre efficiently. The motorist who does not know how to drive his car will not get the most out of his tyres. The motorist who does not know how to drive his car will not get the most out of his tyres...

RESULT OF SELECT

Noted is a frequent cause of tyre trouble. The statement is that the motorist who does not know how to drive his car will not get the most out of his tyres...

THE BAD DRIVER

Each of these marks is plainly marked by the driver. When the driver is a man who drives on the highway, especially if it is the driver to the rear, he will not only be a bad driver, but he will also be a bad driver...

REAR WHEELS OUT OF TRUTH

Rear wheels that are out of line are a source of trouble. The motorist who does not know how to drive his car will not get the most out of his tyres...

Have you driven it?

If you will take the wheel of the 1920 Oldsmobile Six and drive—we invite you to—you will instantly recognize its superior performance...

It drives so smoothly over rougher roads—the gearbox is broad-taking—its acceleration is rapid—the vibrations—there is a new thrill in its power and speed on hills and the open road.

In all these things the car will arouse your highest enthusiasm—you will admire the beauty of lines and richness of color. Such quality could not be built into a car so modestly priced—except for the combined purchasing and manufacturing resources of the great General Motors Corporation and Oldsmobile.

Gilfillan & Company, Ltd. 100, South Street, NAIROBI.

IF'S AND NO IF'S A War is as sure as a shoe to most is martyrdom. To wear shoes a shade too large isn't a martyrdom. It's silly, if it's too long the suit will turn up at the neck. If it's too wide, the corners will run over the ankles. The makers of Lotus and Delta shoes are not themselves in the perfection of scientific fit to every normal foot on earth.

## ESITOL.

WOOD PRESERVATIVE & DECORATIVE STAIN  
Eleven reasons why ESITOL is infinitely superior to  
Cresolite and wood preservatives of any other  
creosole base.

- 1 It has greater penetrative power
- 2 It is more permanent
- 3 It dries in one week at the time
- 4 It has greater covering capacity
- 5 It is non-inflammatory
- 6 It makes wood retain its natural appearance
- 7 It never varies in quality
- 8 Its colours never vary in shade
- 9 It is odorless
- 10 It is harmless to plant life
- 11 It is the cheapest wood preservative on the market

In soluble form it is the most effective of liquid  
ESITOL. Write for booklet to the sole agents -

# Have you driven it?

If you will take the wheel of the 1920 Oldsmobile Six and drive—we will invite you to— you will instantly recognize the superior new performance of this second model, long-lived Six which is little short of amazing.

It drives so smoothly over roughly rutted roads—the gateway is breath-taking—the acceleration is rapid and vibrationless—there is a new thrill in its power and speed; on hills and the open road.

In all these things the car will arouse your highest enthusiasm—you will admire the beauty of line and richness of finish.

Such quality could not be built into a car so moderately priced—except for the excellent purchasing and manufacturing sources of the Great General Motors Corporation and Oldsmobile.

The New Fordor Sedan

All cars nowadays are easy to drive. The Ford remains the easiest to handle. This is mainly true because the Ford is the only car in which the work of shifting the gears may be done without moving either hand from the steering wheel. The average man requires both hands to turn the steering gear and so is handicapped when he must remove one to shift the gears. ... Kindly try this car when the car is being 'parked' into a limited parking space or threaded through traffic. The Ford is the easiest and the safest car to drive.

THE SHIPPING STRIKE. ARKIAN and UGANDA

WEDNESDAY SEPT. 22, 1920. Because East Africa is so far from the world and has to depend for its commercial and business markets on the sea, it is not surprising that the shipping strike is being felt in East Africa. ... KENNEL NOTES by Margaret Colyer

My dog, which is a small terrier, has been very ill lately. I have been very anxious about it, and I have been to the vet several times. ...

There are many people who are interested in dogs, and I have been asked to write some notes for them. ...

THE DOGS. The dog is a very important animal, and it is one of the most useful of all animals. ...
