DISASTROUS FIRE IN NAIROBI.
Big Block of Shops, Offices and
Warehouses Gutted.
APPALING DAMAGE.

Wind Assists Spread of the Flames.
The most disastrous fire in the history of Nairobi occurred last night as a result of the whole of the centre of business street containing the blocks of buildings fronting the New Kenya Hotel and popularly known as Mackintosh's Corner has been utterly destroyed.

The fire broke out about midnight at the corner of the first and second streets. It was caused by a gas cylinder which had exploded. The fire spread with great rapidity by the wind, spreading with great rapidity by the wind, spreading with great rapidity by the wind, spreading with great rapidity by the wind.

The fire was extinguished by the arrival of the fire engine. The damage is estimated to be in the neighborhood of £50,000.

Here is the Proof
The original of this letter can be seen together with others at the
K. McIVOR & Co., NAIROBI.

"UNDERMINING MORALE OF THE AFRICAN."
Injurious Effect of Free Education.
Terroring Experience of China travelers.

Passenger Train in Shell Fire.

ST. J. SILVERINGTON

Undermining Morale of the African.
The Director of Education has issued a circular to the heads of schools in the Province of East Africa, advising them to be on their guard against the injurious effects of free education.

Passenger Train in Shell Fire.
A passenger train carrying 150 persons was stopped by a shell fire in the Sudd. The train was damaged and several persons were injured.

Franc Down Again.
The franc has fallen to a new low point. This is due to the fall of the pound and the general state of the world's markets.

Kenya Coffer.
The Kenya Coffer has been opened. The balance is £100,000. This is a record for the colony.

Gray Touring Car £230.
F. O. A. NAIROBI.

MOTURING TOPICS

Of Waste.

(Continued from yesterday)

It has already been shown how a good engine will do less labour than one that does the whole job. It is also an established fact that a well-maintained engine will do less labour than one that is neglected. It is also an established fact that a well-maintained engine will do less labour than one that is neglected. It is also an established fact that a well-maintained engine will do less labour than one that is neglected.

Mr. S. F. Edge.

THE INFLUENCE OF CARBON TODAY.

Five things come to the mind when one thinks of carbon. One is charcoal, two is graphite, three is diamond, four is carbon black, and five is carbon dioxide. It is in these five forms that carbon is most commonly known to us. It is also in these five forms that carbon is most commonly used. It is also in these five forms that carbon is most commonly used.

The Running Board.

TENDENCY TO FILE THEM WITH LINGERAGE.

Very few motorists when testing cars are able to resist the temptation of overloading their running boards. This is a mistake. It is a mistake because it is a mistake to load the car with extra weight. It is a mistake because it is a mistake to load the car with extra weight. It is a mistake because it is a mistake to load the car with extra weight.

THE RUNNING BOARD.

TENDENCY TO FILE THEM WITH LINGERAGE.

These two points the procession of looking at the heavy construction of the benches carrying these boards, it appears that the price is attainable for carrying such loads, but the driver will save them in preference to get carried from the chassis and begin to complain about noise supported by the bodywork. It is a mistake because it is a mistake to load the car with extra weight.

WE ALLOW **5** per cent cash discount.

The New BUICK SPECIAL

IS NOW HERE

The Most Talked-of Car in The World To-day!

The new British made **BUICK SPECIAL DE LUXE-TOURING** has been instantly recognized as one of the most outstanding accomplishments in motor car history—regardless of price.

Throughout the world who have inspected the new Buick De Luxe touring cars realized at once that Buick had produced a car which in performance, excellent design and completeness in detail stands supreme.

A point by point comparison with any other make of car indicates the tremendous advantages of the Buick De Luxe even though the price of the other car be as high as £2,000.

Adjustable Front Seats The driving seat of this new model is fully adjustable. No moving mechanism is required the seat can be driven the way it can be brought forward by a positive system the back rests can be easily and conveniently operated.

DE LUXE TOURING \$445 Complete.

Top Elevating The new Buick De Luxe has a top which is entirely self-elevating. When the top is down it is held down by straps and the top will unfold and erect itself, going freely forward into position. It is ready for clamping to the wind shield supports.

Rigid Tire The Buick De Luxe touring car is equipped with rigid tires on side curtains which help to support the car from above and give it the same amount of support in bank of the road.

Many other improvements make this new model unsurpassable in beauty, comfort and convenience, such as—look approach clear—body genuine gray leather upholstery—wax treated aluminum—motorist—oil filter—air cleaner—painted fenders—wind breaker—air dipping head lights.

A vibrationless, fast silent car. More than power enough for any emergency, or for any long, rugged in construction and with extra sturdy springs you can drive it anywhere it is possible for a car to go.

The new BUICK DE LUXE TOURING is now on exhibition at our South Avenue Showrooms.

PORT CONTROL ENQUIRY

"Laudoverly" Captain's Views on Navigation Aids.

IMMIGRATION OFFICER'S EVIDENCE.

Will Cargo-handling at the Pier be Slower than in the Steam?

POLICING THE PORT

Immigration officers have been busy since the arrival of the "Laudoverly" from London. The vessel was inspected by the immigration officer, who found the crew and passengers to be in good health and of good character. The vessel was allowed to proceed to the pier, where it was met by the immigration officer, who issued the necessary permits for the crew and passengers to disembark.

The immigration officer also inspected the cargo, which was found to be in good order. The vessel was then allowed to proceed to the pier, where it was met by the immigration officer, who issued the necessary permits for the crew and passengers to disembark. The vessel was then allowed to proceed to the pier, where it was met by the immigration officer, who issued the necessary permits for the crew and passengers to disembark.

CAN WE STILL BE CHRISTIANS?

No. 4.

HOW THE GRADUAL REVELATION OF GOD WAS MADE.

The Hebrew Faith.

THE REAL SIGNIFICANCE OF THE OLD TESTAMENT

(By a Kanan Chappin)

The article in this series has been written by a Kanan Chappin, a student of the Hebrew Bible, who has written a number of books on the subject of the Hebrew Bible.

The article in this series has been written by a Kanan Chappin, a student of the Hebrew Bible, who has written a number of books on the subject of the Hebrew Bible.

the doctrine and will of Jehovah. They were and are, in fact, the same as the doctrine and will of Jehovah. They were and are, in fact, the same as the doctrine and will of Jehovah.

DIVINE JUSTICE

The article in this series has been written by a Kanan Chappin, a student of the Hebrew Bible, who has written a number of books on the subject of the Hebrew Bible.

the law of God is not a mere code of regulations, but a living principle, which is the same as the doctrine and will of Jehovah.

ONE GOD.

And then, out of the revelation about the law of God, and how it was made, we have a revelation about the law of God, and how it was made.

There are many who are not Christians, but who are still in the same way as the other tribes, who are still in the same way as the other tribes.

There are many who are not Christians, but who are still in the same way as the other tribes, who are still in the same way as the other tribes.

OUR PARIS LETTER.

The Return from Louvain.

A GLOOMY SCENE.

Paris, Dec. 20. (Special Correspondent.)

The return from Louvain was a gloomy one. The city was a scene of desolation and ruin. The streets were filled with the debris of war, and the air was thick with the smoke of battle. The people were weary and sad, and the atmosphere was one of despair.

M. BRIDGES' MESSAGE.

London, Dec. 20. (Special Correspondent.)

M. Bridges, the British member of the League of Nations, has issued a message to the people of the world. He has urged that the League be strengthened and that the principles of justice and peace be maintained.

OVERCALLED.

London, Dec. 20. (Special Correspondent.)

The name of the new British member of the League of Nations, M. Bridges, has been overcalled. The name has been used in a derogatory sense, and the public has been misled.

THE SOCIALIST BELIEVES.

London, Dec. 20. (Special Correspondent.)

The socialist believes that the present state of the world is a result of the capitalist system. He believes that the only way to achieve peace and justice is through the abolition of the capitalist system and the establishment of a socialist system.

THE SOCIALIST BELIEVES.

London, Dec. 20. (Special Correspondent.)

The socialist believes that the present state of the world is a result of the capitalist system. He believes that the only way to achieve peace and justice is through the abolition of the capitalist system and the establishment of a socialist system.

ARTS EXHIBITION ANNALS.

London, Dec. 20. (Special Correspondent.)

The arts exhibition annals are a record of the various exhibitions held in London during the year. They include information about the artists, the works of art, and the public reception.

NAIROBI'S LATEST FIRE.

When Tuesday morning revealed the destruction of our old Mackinnon's Currier—by a disastrous fire on Monday night.

Photo R.A. Watson.

EVENTS OF NAIROBI'S GREAT FIRE.

First Estimate of Losses \$400,000.

REMARKABLE SINES

When Tuesday morning revealed the destruction of our old Mackinnon's Currier—by a disastrous fire on Monday night. It began at the station building, which is an unshakable fact, although it is not certain how far it spread. The Mackinnon's Currier was the first to be destroyed. It was a large building, and its destruction was a great loss to the city. The fire spread rapidly, and in a few minutes it had reached the Mackinnon's Currier. The building was completely destroyed, and the loss was estimated at \$400,000. The fire was caused by a short circuit in the wiring of the Mackinnon's Currier. The fire was extinguished by the fire department, but the damage was too great to be repaired. The Mackinnon's Currier was a very important building in Nairoibi, and its destruction was a great blow to the city. The fire was a very sad event, and it is hoped that it will not happen again.

Drink Kenya Beer. A Lion A Pest Again at Nragathi. 500,000,000 FRANCS FOR CONGO. Belgium's Development Plan for her Colony. HUNTERS WANTED. The Mombasa Beer finally captured the attention of another nation. The Government of Belgium has just announced a plan to develop the Congo. The plan is to build a canal from the Congo to the Indian Ocean. This will allow for the easy transport of goods and people between the two continents. The plan is a very ambitious one, and it is hoped that it will be successful. The Congo is a very rich country, and it has a large population. It is a country that is full of potential, and it is hoped that it will be able to develop into a great nation. The plan is a very important one, and it is hoped that it will be successful.

ENGINE LUBRICATION

How Different Systems are Used in Cars.

THE VARIOUS METHODS OF WORKING

Efforts to Ensure Long Life and Immunity from Trouble in Power Units.

Lubrication in the journal bearing is the essential factor for an engine. Another factor is the bearing. To ensure long life, a special note is made of the bearing. To ensure long life, a special note is made of the bearing. To ensure long life, a special note is made of the bearing.

Basically, operating in one of two ways, where in one case the oil is pumped into the bearing and in the other case the oil is pumped into the bearing. To ensure long life, a special note is made of the bearing.

The fully forced system is a development of the semi-forced system. In this system, the oil is pumped into the bearing. To ensure long life, a special note is made of the bearing.

In this method, a special pump draws oil from the tank. The oil is pumped into the bearing. To ensure long life, a special note is made of the bearing.

Another method is the splash method. In this system, the oil is splashed into the bearing. To ensure long life, a special note is made of the bearing.

Finally, there is the gravity method. In this system, the oil is allowed to flow into the bearing by gravity. To ensure long life, a special note is made of the bearing.

It is clear that the oil is essential for the engine. To ensure long life, a special note is made of the bearing.

FILTERING THE LUBRICANT.

When a good deal of foreign matter enters the crank-case, it is essential that the oil be filtered. To ensure long life, a special note is made of the bearing.

There are several methods of filtering the oil. In one case, the oil is filtered through a filter. To ensure long life, a special note is made of the bearing.

Another method is the use of a centrifugal separator. In this system, the oil is spun in a centrifugal separator. To ensure long life, a special note is made of the bearing.

Finally, there is the use of a strainer. In this system, the oil is filtered through a strainer. To ensure long life, a special note is made of the bearing.

It is clear that the oil is essential for the engine. To ensure long life, a special note is made of the bearing.

Another method is the use of a centrifugal separator. In this system, the oil is spun in a centrifugal separator. To ensure long life, a special note is made of the bearing.

Finally, there is the use of a strainer. In this system, the oil is filtered through a strainer. To ensure long life, a special note is made of the bearing.

The New

BUICK IS NOW HERE

The Most Talked-of Car in the World To-day!

The new British made BUICK SPECIAL DE LUXE TOURING has been instantly recognized as one of the most outstanding accomplishments in motor car history—regardless of price.

"THE mammoth crowds throughout the world who have inspected the new Buick De Luxe touring cars realized at once that Buick had produced a car which in performance, excellence of design and completeness in detail stands supreme.

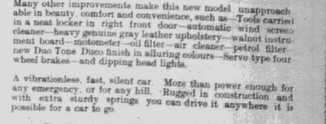

A point by point comparison with any other makes of car indicates the tremendous advance of the Buick De Luxe even though the price of the other car be as high as £2,000.

Adjustable Front Seats—the driving seats of this new model are adjustable. No motor is necessary to be cranked when driving. It moves by means of a hand crank which is instantly moved back. For the average woman driver the seat can be brought forward to a position where the foot pedals can be easily and conveniently operated.

DE LUXE TOURING
£445
Complete.

Trunk A folding type trunk rack at the rear is supplied for carrying luggage while touring. The spare tire is carried on the right hand running board near the front fender.
Rigid Type The Buick De Luxe touring car Side Curtains with clear vision. This car may be driven with the top down but curtains when not in use are stored in the nearest compartment in back of the rear cushion.

Self Elevating Top The new Buick De Luxe has a top which is entirely self elevating. The spare tire is carried on the right hand running board near the front fender. It is only necessary to unfasten the hold-down straps and the top will unfold and erect itself, going forward into position in readiness for clamping to the wind shield supports.

Many other improvements make this new model unsurpassable in beauty, convenience, such as—Tools arranged in a neat holder in front foot board—automatic wind screens—leather trim—grey grain leather upholstery—valiant instrument board—motorometer filter—oil cleaner—patent filter—non Duo Tone Duo Tone in alluring colors—Servo type four wheel brakes—oil lamp and dipping head lights.

A vibrationless, fast silent car. More than power enough for any emergency, or for any hill. Rugged in construction and with extra sturdy springs you can drive it anywhere it is possible for a car to go.

THE NEW BUICK DE LUXE TOURING is now on exhibition at our Buick Avenue Showrooms.

SCIENTIST'S PARADISE ON MT. ELGON

First Chief of Swedish Institute.

TRAVEL OF THE MOUNTAIN

In 1924 a Swedish Expedition which had Sweden and the University of Uppsala as its base, set out to explore the lower slopes of Mount Elgon. The expedition was led by the Swedish geologist, Dr. Erik Ekman, who was accompanied by a number of Swedish and Danish geologists and a number of African and European assistants. The expedition was successful in reaching the summit of Elgon and in making a number of important discoveries. The results of this expedition are set forth in the report of the expedition, which is published in the Swedish journal, "Geografiska Annaler".

A FINE EQUIPMENT

The greatest in providing financial assistance from the Royal Bank of Sweden, which has been established in the East African territories. The bank is now open for business and is ready to receive deposits and to issue cheques. The bank is also ready to provide financial assistance to the various industries and businesses in the territories. The bank is a member of the Imperial Bank of Commerce and is a member of the International Chamber of Commerce. The bank is also a member of the East African Bankers' Association.

A CALL TO YOUTH.

His Excellency's Address to Nairobi Children.

INFLUENCE OF BOARDING SCHOOLS. Formation of Character for the Public School of Life.

His Excellency the Governor delivered an address addressed to the children of Nairobi on the occasion of the annual prize distribution on Monday.

He referred to the duty call on the Nation to discharge its responsibilities. The Revival of Empire.

He explained the high faith in the boarding school system as the means for the formation of character as compared with home instruction.

He pointed out the influence of the boarding school system on the character of the children.

He explained the influence of the boarding school system on the character of the children.

Commodious Offices

TO LET

A new entrance Hall and wide easy stairway to the First Floor Office in Whiteway's Building were necessary before these commodious fine rooms could be called into use, with the completion of this new work there is now offered what are the finest offices in Nairobi, remember these were planned as showrooms and are therefore fine, lofty, airy, and well lighted apartments.

Facing SIXTH AVENUE there is a suite for a large concern or 3 smaller ones, than on the level is a very large quiet room.

Exceptionally low rentals will be accepted for long tenancies of a year, but offers for long leases will be considered.

Apply to **WHITWAY LAIDLAW & Co.,** NAIROBI.

FOR THE POLO WEEK

MOTORING TOPICS

ENGINE LUBRICATION

How Different Systems are Used in Cars.

THE VARIOUS METHODS OF WORKING

Efforts to Ensure Long Life and Immunity from Trouble in Power Units.

Under the pump has to pump some 100 times the pressure on the lubricant through the pipes, in which circumstances the best bearing oil will get gummy, or at least will be a good deal more sticky than the lighter weight oil. It is a good thing to start the engine straight away in hand work at a low speed.

EFFECT OF HEAT ON OIL.
The lubrication system is by no means so simple and straightforward as the foregoing may be supposed. One of the most important factors is the fact that all engines, except the few which are cooled by water, are engines which in some degree, vary very rapidly, lose heat very fast. It is not possible for the lubricant to be of the same quality as the oil to be removed. Quite obviously, the nature of a working engine is constantly hot, and the lubricant is therefore found with the possibility of pouring some amount of heat into it.

It is not possible to cool the oil in any way, and the lubricant is therefore found with the possibility of pouring some amount of heat into it. It is not possible to cool the oil in any way, and the lubricant is therefore found with the possibility of pouring some amount of heat into it.

The New BUICK SPECIAL DE LUXE

IS NOW HERE

The Most Talked-of Car in the World To-day!

The new British made BUICK SPECIAL DE LUXE TOURING has been instantly recognized as one of the most outstanding accomplishments in motor car history—regardless of price.

DE LUXE TOURING
\$445
Complete.

Self Elevating Top
The new top which is entirely self elevating. The space can be carried on, it is only necessary to unfasten the hold-down straps and the top will unfold and erect itself, going gently forward into position in readiness for clamping to the wind shield support.

Trunk A folding type trunk rack at the rear is supplied for carrying luggage while touring. The space can be carried on the right hand running board near the front fender.

Rigid Type The Buick De Luxe touring car is equipped with rigid side rails. Side Curtains tucks with elastic covers can be drawn with the top down or curtains can be let down in the latter position. A seat compartment in back of the rear cushion.

Many other improvements make this new model unsurpassed in beauty, comfort and convenience, such as—Tops carried in trunk—newly genuine grey leather upholstery—Walrus trimment board—molded—oil filter—air cleaner—patrol floor—new Duo Drive filter in striking colours—horoscope floor—brake levers and dipping head lights.

A vibrationless, fast, silent car. More than power enough for any emergency or for any hill. Rugged in construction and with extra sturdy springs you can drive it anywhere and it is possible for a car to go.

The new BUICK DE LUXE TOURING is now on exhibition at our Sixth Avenue Showrooms.

RITUALS INDIAN CASE

The Government is engaged to the establishment of trading stations on farms was related in an opinion letter to the Legislative Council on 12th November 1929. The object of the establishment of trading stations on farms was stated to be to provide a means of disposing of the produce of the farms and to provide a means of obtaining supplies for the farms. The Hon. Mr. M. D. Kampf stated that the Government was not prepared to consider the establishment of trading stations on farms until the High Commission had been notified of the Government's intention to do so.

A RITUALS INDIAN CASE

Mr. M. D. Kampf stated that the Government was not prepared to consider the establishment of trading stations on farms until the High Commission had been notified of the Government's intention to do so.

SHOE REPAIRS

When you require your shoes repaired from the Club Boot Store (Hartford) or the Club Boot Store (Hartford) ask for their special guarantee for your shoes.

Northern Frontier.

COMMITTEE TO CONSIDER STOCK MOVEMENT

The Government has agreed to the Committee to consider the movement of stock from the Northern Frontier to be established in the area of the Northern Frontier. The Committee will be composed of representatives of the Government and the stock owners. The Committee will be asked to report on the way in which the interests of stock owners can be safeguarded against the interests of the Government and the public.
