Model G-102.

The "H.M.V." Portable, reinforced wooden Cabinet covered black, waterproof cloth, with handle. Size when closed 8 x 11 1/2 x 15 inches. The ideal machine for travelling, home, or camp. Fitted with H.M.V. Exhibition Sound Box. All the evidences of the sound character of the best H.M.V. records and is as far ahead of other portable models as its origin would indicate. Price £18/-.

Something Entirely New! THE VIBRATED SHAVER. One of the most remarkable inventions in the science of sanitation. You can hear the demonstration in our show-rooms.

Greatest Artists—Finest Recording.

"HIS MASTER'S VOICE"—The Acknowledged Best.

It is more than eulogies by the makers that cause the world's greatest artists to choose the "H.M.V." Records for reproduction of their works. Purity of tone, clearness and truth of reproduction, absence of scratching and outside noises are obtained to the highest degree in "H.M.V." records. The nearer to perfection an artist's work approaches—the more perfect medium of reproduction he will insist on, and the medium that satisfies great artists like Gull Gull, Fiedler, and Hampel, must satisfy the most critical of their admirers.

"H.M.V." Records are faithfully reproduced on the "H.M.V." Machine.

No. 179.—Cabinet Grand handsome case. An ornament to any room, with the latest improvements in motor, speed control, etc. Oak ... 500/- Mahogany ... 1,500/-

Model 27.—Oak Cabinet, nickel plated fittings, integral skating horn, single tone arm and exhibition sound box. 180/-

"His Master's Voice" Gramophone and Records are British made throughout in Europe's largest Talking Machine Factories at Hayes, and if you do not possess an instrument and a collection of records, it is because you do not know how perfectly it will bring you all the music you love best, exactly as rendered by the artist.

The magnificent tone and spherical path of "His Master's Voice" Instruments are among the many unrivalled features which have established the supremacy of these famous instruments throughout the world.

MR. BURTON-KIRUMI KHAYTUO.

To the Editor: "E. Standard." Sir—I think you will be interested to know that I have been invited to attend the conference which will be held in London...

I may say also that the Belgian Government is not inclined to be concerned in the proposed railway in the Congo...

Yours faithfully, Mr. W. H. H. BURTON-KIRUMI.

MR. EMERY ALLEN.

To the Editor: "E. Standard." Sir—In your issue of the 12th inst. you have referred to the fact that I have been invited to attend the conference...

Some of us serving the apparatus of the Government are being used to propagate a lie against us...

THE PRIMATE AND KENYA.

To the Editor: "E. Standard." Sir—Shrewdly the Reverend Archdeacon has written me hurriedly when he says "I do not think it is right to hold divergent views on the subject of the divorce of the African Empire and spiritualism."

TO LET IMMEDIATELY

- 1. The Plot and Building at the corner of Kilim Road and Salim Road lately occupied by S. JACOBS (MOMBASA) LTD.
2. The Godown Plot with Building thereon, comprising 0.690 of an acre, known as Plot 15 situated behind Station Road.

—both equal, neither having an authority over the other, though the Secretary had, perhaps, a preponderance as being the older of the two. Compactly, therefore, was made Archbishop of Canterbury and of course the order of things that Archbishop Lafrance undertook to refer to the Archbishop of Canterbury in the history of the period...

It is advisable that a balance be struck between the two, the Archbishop, I think, 10,000 R.S. and the Secretary, 20,000 R.S. The strength of the winds and the weather is not to be taken into account...

It would now look that the observations have been made in the past few days, and "Big Dig" has been made in the past few days...

How I would explain that it is not in the interest of the nation to be so much as it is in the interest of the individual and the individual's interests...

M. S. H. MONTAGU.

Yours faithfully, M. S. H. MONTAGU.

ETHIOPIAN.

To the Editor: "E. Standard." Sir—Relative to Mr. W. H. H. BURTON-KIRUMI's article in your issue of the 12th inst. I have to say that I am not in a position to refer to the same...

Through the Heart of Australia's Never Never Land

DARWIN to ADELAID

2091 Miles Through a Trackless Land on an

OLDSMOBILE

Look at the map. Up on the Gulf is Darwin—down in the South lies Adelaide. And in between? 2000 miles of trackless, untravelled wilderness. Not a single road.

At 5 a.m. on November 18th Francis Birtles, the well-known explorer, left Darwin in an Oldsmobile Six.

At 2-15 p.m. on November 27th, nine days and nine hours' later, muddled, wearied, and travel-worn, he pulled up at the Adelaide G.P.O. and a journey was completed which will live in the annals of Australian motoring.

SUPREME DEMONSTRATION OF ENDURANCE AND ECONOMY

It rarely has a car been subjected to a test so searching or so severe. Stopped many times, fighting a way through the deep desert sand, or hurrying over the heather-strewn moor, the Oldsmobile conquered every obstacle and came through roughness—without mechanical trouble of any kind whatever. And not only did it demonstrate supreme endurance, but registered an economy performance little short of amazing.

Labor Supply.

The report has recently been made of a Labor Problem in the Belgian Congo. This problem was appointed last December by the Minister for the Colonies...

It is a common knowledge that the present members of the Colonial Office are not prepared to discuss the problem of the labor supply in the Congo...

POPULATION

The obvious starting point of inquiry in the question of population is to find out what the opinion has been recently expressed by the Government...

CAUSES OF DEPOPULATION

The Belgian Labor Commission believes that the cause of the depopulation in the Congo has to be looked for in the Congo itself...

AVOIDING WASTE

The Chamberlain has accordingly made a survey of the labor market in the Belgian Congo...

AVAILABLE WORKERS

Any estimate of the general condition of the labor market in the Congo must be based on a study of the available workers...

family life. The number now in the Congo is estimated to be 10,000,000. It is a common knowledge that the present members of the Colonial Office are not prepared to discuss the problem of the labor supply in the Congo...

TYPEWRITERS

"COMPARE THE WORK"

"Compare the Work" is more than a slogan. It is a fair invitation and an appeal to the intelligence of the typewriter buyer and user.

The Royal typewriter was designed and built to answer the last word in that office efficiency which aggressive business organizations must have.

The most responsive elastic key-action ever devised enables the typist to do better work with much less effort.

The beautiful press-work has a distinction which makes one holder stand out among many. "Royal" makes one's type impressions reinforce the result giving power of business correspondence.

Reinforced quality is added to every letter signed, described in the booklet graphically an insight of the master mechanical achievements which have given the Royal typewriter its world-wide reputation.
