DIFFICULTIES RETARD STRIKE SETTLEMENT.
Premier Reviews the Situation.

RAILWAY MINERS, PRINTERS, TRANSPORT WORKERS STILL OUT.
Important Debate in Parliament.

HOW TO REHEARSE.
London, May 15. Transport Workers' Union failed to respond to the Premier's appeal and has withdrawn from a strike settlement. The Premier reviewed the situation in the House of Commons, approved the strike, and urged the Government to maintain it during the strike.

T. U. C. MANIFESTO.
The Trades Union Congress manifesto declares it is imperative that the Government should take the necessary steps to ensure the maintenance of the strike.

MR. HANCOCK'S OPINION.
The Premier's speech was well received in the House of Commons. Mr. Hancock expressed his support for the Government's policy.

STRIKE PROPAGANDA.
The Premier drew attention to the propaganda going on from London and urged the Government to take steps to counter it.

ADAMANTLY PROVOGATION.
Mr. J. H. Thomas declared the speeches of Mr. Hancock and Mr. Balfour to be a provocation to the strikers.

There were many men out today. The Premier's speech was well received. He urged the Government to maintain the strike.

THE PREMIER REPLEAS.
There was loud Conservative cheering as Mr. Baldwin rose. He welcomed the opportunity to review the situation.

REMOVAL DENIED.
Of the railway company which had a most difficult task. The Premier stated that the Government would not remove the strike.

THE PREMIER REPLEAS.
The Premier stated that the Government would not remove the strike. He urged the strikers to return to work.

MR. HANCOCK'S OPINION.
The Premier's speech was well received in the House of Commons. Mr. Hancock expressed his support for the Government's policy.

STRIKE PROPAGANDA.
The Premier drew attention to the propaganda going on from London and urged the Government to take steps to counter it.

ADAMANTLY PROVOGATION.
Mr. J. H. Thomas declared the speeches of Mr. Hancock and Mr. Balfour to be a provocation to the strikers.

FERTILISE WITH EPHOS

The following testimonials speak for itself: "You asked me how the experiment with 'Ephos' turned out. I hardly had time to tell you, you might say. I was pulling my leg."

"The Potatoes are just simply wonderful, you never saw such growth even through the drought. I have given potatoes - 15 lbs. yield and in many cases, but never have I seen anything like this before. I am a farmer & a reputation of being good because I purchased the soil at the 'dove' from a Kikuyu boy."

The original of the above testimonials can be seen on application to J. G. ARONSON, P.O. Box 681, Nairobi.

Great Dispersal Sale.

at Naitai Emain, Njoro. TUESDAY, 18th May at 10 AM Sharp.

THE EUROPEAN HOSPITAL.

To the Editor, "E.A. Standard,"
I have been a patient and nursing sister in the Transvaal Hospital for 1 month in one of the largest of the world's best hospitals. I had one of the best surgeons in the world and two other ladies in the ward had the same natural case. The other patients who had their teeth extracted had three and above in the corresponding positions. My teeth had the special approval.
It is one of the finest equipped hospitals in South Africa. Johannesburg Hospital also attracts patients to be attended by their own doctor if in a position to do so. The Clinics are not so far around the world as your correspondents can go and live for a visit.

Do You Know This?

8. Wise buyers have become shy of 'fields' cars—the cars that change models every year. Studebaker cars are always kept up to date. Changes are made as improvements are perfected—without spectacular annual announcements. Your pride and your investment are both protected when you own a Studebaker.
9. 1200 skilled inspectors make 96,000 inspections on the three types of Studebaker cars during manufacture and before delivery to you. There is no more rigid inspection in the industry than this. It ensures long life and dependable service.
10. It costs Studebaker £120,000 a year to completely machine all its crankshafts. This is a practice usually followed only by the very highest priced cars. It explains why Studebaker cars always run smoothly—without vibration.

NEW LINE IN LEGISLATION

Miner Offers a Wide Scheme to Premier and Coloumners.

RAILWAY AND DOCKS STRIKES SETTLED.

Wharf Maintained in Prising and Newspaper Trades After Abortive Conferences.

The Premier has drawn up an epoch-making scheme for the coal industry and has submitted it to the miners and owners of the coal fields. It includes a National Wages Board and an offer of £3,000,000 yearly subsidy.

The conditions of the subsidy in the acceptance of the scheme by industry.

The miners are remaining almost normally, terms of peace having been arranged between the men and the traffic companies.

The strike of dockers is settling. The Premier has expressed his desire to see the Government and printing associations with the miners with the workers' journals appear in the shape of "emergency sheets."

THE PREMIER'S AGENDA.

RAILWAYS TO BE OPENED.

London, May 14. The railway strike is settled. The railway headquarters last night announced that the strike was concluded between the Government and the railway companies. It is hoped that the railway companies will be able to resume their normal services by the end of the week.

The London General Omnibus Company and the London Transport Executive have agreed to a new agreement which will provide for a 10 per cent increase in fares and a 10 per cent increase in the number of vehicles.

The Premier will be following up on each point.

The Premier has decided to do the strike he committed a mistake in not settling the coal industry. He has now decided to do the strike he committed a mistake in not settling the coal industry.

THE NEW BILL.

Mr. Baldwin's proposal includes the immediate measure indicated. The Bill will be introduced in the House of Commons on Monday. It will give a royalty on coal owners and will give a royalty on coal owners.

The Bill will restrict the establishment of collieries. The Bill will restrict the establishment of collieries.

Fourthly, the Bill will establish a National Wages Board for the coal industry.

Fifthly, the Bill will establish a National Fuel Power Council containing representatives of the coal owners and the coal workers.

Sixthly, the Bill will establish a committee to investigate why syndicates are necessary, arising out of the coal industry.

Each company will notify the Government of the names of the men in a proposed to transfer to another company.

This settlement does not apply to the coal industry of violence or to the coal industry.

REPORT BY PREMIER.

Mr. Baldwin was bodily effected to the coal industry. He has now decided to do the strike he committed a mistake in not settling the coal industry.

The Premier has decided to do the strike he committed a mistake in not settling the coal industry.

MINES EXPENDITURE.

The Premier has decided to do the strike he committed a mistake in not settling the coal industry.

The Premier has decided to do the strike he committed a mistake in not settling the coal industry.

["E. A. Standard" Special Article Service.]

£20,000 INVOLVED IN THEFT CHARGE.

Leading Union Sportsmen Arrested.

STOCKBROKING PARTNERS.

[FROM OUR CORRESPONDENT.]

Mr. Alexander, a leading stockbroker, has been arrested on a charge of theft. The stolen goods are valued at approximately £20,000.

His partner, Morris, was previously arrested on a charge of sportsmen of the district.

An attempt to maintain this was made. The Government will bill the gap with a subsidy of £200,000.

THE WAGES BOARD.

In the formation of a wages board, it will be established of three representatives of the miners, with a representative of the employers and a representative of the public. The board will be empowered to fix the wages of the miners, with a representative of the public.

The proposal is to be introduced in the House of Commons on Monday. It will give a royalty on coal owners and will give a royalty on coal owners.

Fifty Killed.

Handon, May 14. Fifty children, mostly boys, and many injured by the derailment of a goods train from Faking travelling on the top of the wagon.

The Norg's Fight.

Uganda Native's "English"

HOW HE APPLIED FOR JOBS IN POLICE LINES.

The following letter (quoted by the Uganda News) is an excellent native's application for a job in the police line:

Sir, I beg with humility to you; as my application did find to the Commissioner of Police by sending me for you, sir, I am very very happy that you may be my remembrance and leader before the Commissioner's Office where there will be a vacancy, for as I am a poor boy, my father a poor boy, my mother a poor boy, my Government also in it, I had no money to send me to the Government School, I did attend Uganda Central School by my own effort.

Sir, I beg with humility you may remember my humble poor boy, please sir, I have no work to perform at present, but I will give you with my mind to the Commissioner of Police.

Sir, with great joy I shall be very glad to get your recommendation to get my education to get my education, your humble poor boy who is waiting you, Sir.

get a vacancy will see, I did not wish to ask your greater kind to your poor servant who is waiting you.

Sir, I beg with humility to you; as my application did find to the Commissioner of Police by sending me for you, sir, I am very very happy that you may be my remembrance and leader before the Commissioner's Office where there will be a vacancy, for as I am a poor boy, my father a poor boy, my mother a poor boy, my Government also in it, I had no money to send me to the Government School, I did attend Uganda Central School by my own effort.

Sir, I beg with humility you may remember my humble poor boy, please sir, I have no work to perform at present, but I will give you with my mind to the Commissioner of Police.

Sir, with great joy I shall be very glad to get your recommendation to get my education to get my education, your humble poor boy who is waiting you, Sir.

CONFESSION.
(Continued from page 2.)

Ham (Black) as compared with that of the other two Hebrews and Whites. These people who in the "present" days were called to be the "servant of servants" of all other men and Japhet are now described as to have been the founders of Shem, Nimrod, Ashur, Sikes and others, all known to readers of and believers in the Bible. Nimrod, the founder of Ham, is described as "a mighty one in the earth and Lord wherever it is said from the Lord. It was his descendants, Ham, that built the kingdoms of Babel, Ninveh, Assyria, Sodom and Gomorrah. It was they again that built the Tower of Babel—the first known human attempt at building and architecture of any sort as far as the Bible is concerned.

While the Hamites consist of the descendants of the "maid" — son and descendants of Noah, there is a very little of credit attributed to the sons of either Shem or Japhet during that particular period of time, and apart from a general great lot of little historical interest, there is nothing to show that either Japhet's or Shem's descendants did anything in these early days worth recording.

The natural inference from the above is that the descendants of Ham (Black) developed for almost all their names, built kingdoms and evolved a civilization much superior to that of the descendants of Shem and Japhet. Hebrews and Whites, and that they did this in spite of the curse against their forefathers. As in all human affairs, they must have experienced a period of decadence, developed their own civilization—the Oriental—and, in their turn, declined.

The present age is admitted to be the age of the descendants of Japhet (Whites) and there is the conviction that the greater part of the world's sceptic. How long that civilization will persist only God knows, but much light on the subject can certainly be thrown by the experts and divines in the Theology of the Christian Religion. It is surely their opportunity to do so, now that the opportunity of the white race has been based on the interpretation of the Bible and the future permanence of the Brown and Black races within the fold of the Christian Faith so much depends on the true and impartial interpretation of the greatest of all books, the Bible.

Yours, etc.,
Nairobi, A. C. L. de ROUSA.
May 14, 1926.

Business Names Law.

FINED FOR FAILING TO DISCLOSE PARTNERS.

Before Mr. F. J. Gamble in the Resident Magistrate's Court on Friday, May 7, 1926, Mr. H. B. Ben and Higgs were charged with (1) failing to furnish the Registrar of Business Names with a statement of the change in the partnership in the firm, the Essex Transport Company, as required by Section 8 of the Business Names Ordinance, 1918; (2) failing to have the present Christian names and addresses of the partners mentioned in public characters on the business letters as required by Section 20 of the said Ordinance.

Mr. Keatinge said the names of Messrs. Hunter and Higgs had been added to the firm without notice.

It was stated the summons had not been served on Mr. Hunter so that no evidence was taken with respect to him.

The Registrar said he had received several complaints about the firm's business letters.

Mr. Kaplan (representing the several) said about a year ago most firms had stopped complying with the terms of the Ordinance. His Worship: Why was that? There must have been some word sent round?

Mr. Kaplan: I don't know there was a judgment there must have been something.

BY ACCIDENT.

Mr. Keatinge said it was just by pure accident that such cases were discovered. It was only when firms wrote to his office that it was discovered they were infringing.

Do You Know This?

8. Wise buyers have become shy of 'fickle' cars—the cars that change models every year. Studebaker cars are always kept up to date. Changes are made as improvements are perfected—without spectacular annual announcements. Your pride and your investment are both protected when you own a Studebaker.

9. 1200 skilled inspectors make 96,000 inspections on the three types of Studebaker cars during manufacture and before delivery to you. There is no more rigid inspection in the industry than this. It ensures long life and dependable service.

10. It costs Studebaker £120,000 a year to completely machine all its crankshafts. This is a practice usually followed only by the very highest priced cars. It explains why Studebaker cars always run smoothly—without vibration.

A LETTER FROM PARIS

Dangerous Growth of the Drug Traffic

A NEW PLAY

From One Fair Governmenter to Another

London, May 18, 1925.

Dear Sir,

I have the honor to acknowledge the receipt of your letter of the 15th inst. regarding the subject of the proposed extension of the London Convention on the subject of the prohibition of the traffic in opium.

I am glad to hear that the Government of your country is taking an active part in the work of the Commission on the subject of the prohibition of the traffic in opium.

I am, Sir, very respectfully,
Yours faithfully,
J. H. GARDNER

Secretary, London Convention on the subject of the prohibition of the traffic in opium, 21, Whitehall, London, S.W. 1, England.

THE EAST AFRICAN STANDARD

of the Senate, which were distributed to all the members of the Senate. It was held that the Senate was not bound by the terms of the resolution passed by the House of Representatives on the subject of the prohibition of the traffic in opium.

The Senate, which was held on the 15th inst. at the University of California, was held in the Senate Chamber of the University of California, Berkeley, California.

The Senate was held in the Senate Chamber of the University of California, Berkeley, California, on the 15th inst. at the University of California.

DECADE IN THE

Four-tusked Elephants.

The following letter appeared in The Times in last week's issue:—I have just seen in the Times of January 13 the letter signed by Captain Tracy Phillips concerning the existence of four-tusked elephants.

In 1911 I was at Tambora, on the Sultan-French Congo frontier. The village is in the Atlantic country, and not far from the district of which your correspondent writes. (Old Sultan-Tambora then alive, and when I asked him if there was any chance of shooting a four-tusked elephant in the neighbourhood, he told me that elephant were numerous, that all were small except one. That one was a very large bull with four tusks. Never having heard of an elephant with more than two tusks, I was rather inclined to be sceptical about the report. I questioned my servants, however, I questioned my servants, and also several of the Attande natives in the village, and all bore

out Tambora's statement. As your correspondent says: "There was no question or discussion as to their existence." Being present for two days, I had, unfortunately, no chance of proving for myself the truth or otherwise of the story.

In 1915 a Syrian medical officer who was on a special commission to inspect 140 miles south-west of Tambora, was told the same story of four-tusked elephants. I told the story to Alim, the Chief of the Attande in Mousaka Province, and he said that long ago one of his men killed a four-tusked elephant. I took a substitute some 40 miles south of Tambora. Five miles from Mousaka.

TO LET. Two double bedded rooms at Parklands. Five minutes from town. Terms moderate. Apply Box 228.

**To Complete the Benguela
 Railway.**

A NEW TRUSTEES STOCK OFFERED.

An interesting tale cloaks the latest entrant into the ranks of the Finance Times? The African Railway Finance Company is making an issue of £1,500,000 of Five per Cent. Debenture stock at 90% of nominal value for the purchase of the Tanganyika Concessions, and interest, under the Trade Facilities Act. The Government, as to both principal and interest, under the Trade Facilities Act. The Government will take place between 1927 and 1931 by annual drawings at par or purchase out of a cumulative sinking fund, subject to the right of the company to repay at its month's notice from 1st March, 1929.

The purpose for which the money is being raised is both interesting and important. It will be used to finance expenditure by the Benguela Railway Company upon British plant, machinery and materials required for the completion of the last stage of the railway. This is the portion commencing at a stated distance from Lubilo and ending at the frontier of the Belgian Congo, and the section from the Port of Province of Angola. The local expenditure in Africa in connection with the completion of the railway, estimated at £750,000, will be provided by the Tanganyika Concessions, from the Board of Finance of the African Railway Finance Company, this undertaking having been formed especially to finance the completion of the Benguela Railway.

The stock of course is entitled to a place in the first flight of investments.

FERTILIZER WITH XIPHS

The following testimonial speaks for itself:

"You asked me how the experiment with 'Ephos' turned out. Really I hardly like to tell you, you might fancy I was pulling your leg.

The 'Ephos' was just simply wonderful, you never saw such growth, even through this drought. I have grown potatoes all my life and in many climates, but never have I seen anything like this lot and further it is not a question of fancy seed because I purchased the seed at the store from a 'Kibony' fish."

The original of the above testimonial can now be applied to:
J. G. ARONSON, P.O. Box 681, Nairobi.

Do You Know This?

1. Wise buyers have become shy of 'fickle' cars—the cars that change models every year. Studebaker cars are always kept up to date. Changes are made as improvements are perfected—without spectacular annual announcements. Your pride and your investment are both protected when you own a Studebaker.
2. 1929 skilled inspectors make 96,000 inspections on the three types of Studebaker cars during manufacture and before delivery to you. There is no more rigid inspection in the industry than this. It assures long life and dependable service.
3. It costs Studebaker \$120,000 a year to completely machine all its crankshafts. This is a practice usually followed only by the very highest priced cars. It explains why Studebaker cars always run smoothly—without vibration.

Introducing The New Gramophone

"His Master's Voice"

The New "His Master's Voice" Instrumental bodies entirely new discoveries relating to amplification.

SIR EDWARD ELGAR says:

"The most important invention in the history of the Gramophone."

SIR LANDOR RONALD says:

"The most amazing tone of any Gramophone I have ever heard."

ALBERT COATS says:

"Most remarkable in its faithful reproduction."

RUENGE GOOSSENS says:

"A prodigious achievement in quality and volume."

NEW Portable Model

This illustrates the New Portable H.M.V. Machine which embodies all the new features of reproduction.
