Practical Farmers Everywhere are Adopting Power Farming Methods

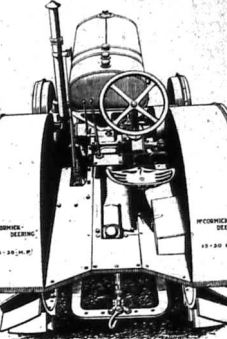

When International Harvester tractors are purchased they are completely equipped with fenders, platform, pulley, governor, linkage, and removable lugs, and power take off.

Why are International Harvester Tractors Being so Generally Adopted? Here's the Answer:

These tractors make farm work easier. They enable better farming to be done. They enable more work to be accomplished. Tractor farming is more profitable. Tractors save time, when time is needed. Power farming gives more time for other duties. Tractors save man-labour. They cut hired help costs about one-half and supply ever-ready and economical belt power. These tractors are ready to work in all kinds of weather and are not subject to disease. They cost nothing when not working.

**SUPPLEMENTARY ESTIMATES.**

in a speech if we examine the supplementary Estimates in detail. I find some curious facts. Under the heading of the Government we discover that the travelling expenses of visiting delegates are to be paid by this country and may be printed for sale if it is a profitable sale view of the expenditure that the Government will not seek any. Nairobi. The Customs Department asks for an increase in duty to meet the expenses in trade and additional duties. But that expansion in trade was welcome last year. To some extent, and suggests that the Customs Department might have been known last year to be in need of it. The Veterinary Department is extending its activities by opening new posts and is carrying out an increased planting programme which might quite soon have been proposed in 1925. The personal expense incurred by members of the Government in the revised edition of the last is not a minor detail. Some of the items are as follows:—  
The Zoet Institute and to require some explanation as it was generally believed that the distinguished expert came to Kenya at the invitation of private individuals although the right and proper use made of it and of the services of the Government in the investigation and conclusions in the Public Works Department. It has been stated that a certain considerable charge took place in the Department of Customs which has led to the use of £20,000 and a large sum in Kenya has almost been planted although some provision

SONGHER FARMERS MEET.

Address by Mr. Convey Harvey on Kenya Topics of the Day.

REVIEW OF THE FINANCIAL SITUATION.

An Answer to Charge of Selfishness with Regard to Native Interests.

[By a Correspondent.]

Somebody has appeared, and as an impressionist I would say that the meeting, that I have mentioned in my column of the 19th May, 1936, was a most successful one.

It was a meeting of the Kenya Farmers' Association, and it was held at the Kenya Club, Nairobi, on the 26th of May, 1936.

The meeting was held in the evening, and it was a most successful one. It was a meeting of the Kenya Farmers' Association, and it was held at the Kenya Club, Nairobi, on the 26th of May, 1936.

ERNEST B. GILL,  
Chartered Accountant,  
P.O. Box 92,  
Nairobi.

## THE WEIGHTY LATHER THAT HELPS THE SHAVER

Don't judge a lather by its volume. As he knows, a lather is better if little weight. It is the lather that creates the shaving cream—something quite new—increases its weight 224 times its weight in foam, and is brought from the water in a bubble, it waters and holds the hair, and makes each easy work for the shaver. But who says thousands of men can't have it? It's the shaving cream that's the key to the solution of the shaving problem. It's the shaving cream that's the key to the solution of the shaving problem. It's the shaving cream that's the key to the solution of the shaving problem.

Gibbs SHAVING CREAM

LONDON BOOM IN PUBLIC DEBATES.

"Do We Know How to Speak English"?

Unintelligible Clergy.

[FROM OUR LONDON CORRESPONDENT.]

Just now there is a boom in public debates and a whole series are being organized over the wireless...

Mr. St. John Ervine, the London School of Economics, Houghton Street, Aldershot, last night opened these lectures and addresses...

It was not the people of Palmer's Green or Lee who had this horrible view. It was invading Church and State.

As it was spoken in the days of the "Morning Post" of 1911, it was a warning of what was to come.

At a time when the day of the "Morning Post" of 1911, it was a warning of what was to come.

Mr. Ervine's final intention was to change the English Church by debasing the English Language.

It is a pity that the English language is being debased by the use of foreign words.

Distinctive Mark for Knights Bachelors.

KING PRESCRIBES AN OVAL MEDALLION.

[FROM OUR CORRESPONDENT.]

The King on the recommendation of the Home Secretary has prescribed that a badge, of which he has the design, should be worn on the left side of the coat by those upon whom the degree of knight bachelor has been conferred.

Upon an oval medallion of vermeil (gold) set with a cross-hatched sward, and encircled by a laurel wreath, the whole set about with the royal coat of arms.

The Duke of Devonshire, the Duke of Devonshire, the Duke of Devonshire, the Duke of Devonshire.

As it was spoken in the days of the "Morning Post" of 1911, it was a warning of what was to come.

**NEW SETTLEMENT SCHEME IN SOUTH AFRICA.**

**Helping Farmers with Small Capital.**

**SMALL HOLDINGS FOR TRAINING.**

A unique scheme evolved by the Agricultural Association of the 1920 Settlers in the Witwatersrand district, is now being introduced to the Union country, with 2000 small holdings, each with a course of training in agriculture.

The Association, anxious to support the number of settlers introduced under its auspices, and recognizing the restriction on its activities by means of single and married settlers, proposing to have 25000 and £1,500 capital respectively. Settlers here can be assisted in obtaining a sublease under which part of 25 British farmers, who are due to arrive in August, will be treated as agricultural small holdings, of their capital.

Cape Town is situated for the most part in the Western Cape, which is the originator and is a land of great fertility, and is being cultivated to the utmost. The undertaking is to introduce an industry which they will receive very much encouragement, light and subject to making their practical experience and theory, and a valuable asset for the country.

The scheme was explained to me in an interview with Mr. H. J. van der Merwe, the manager of the scheme. He has secured the necessary capital and the necessary land for the settlement, and is now in possession of the Witwatersrand district, on the west of Johannesburg, about 20 miles north of Pretoria, a tract of 18,000 acres, a large part of which is now agricultural land, and the remainder is being cleared for planting. The land is equipped with all the necessary buildings, except the settlers' quarters, which are being erected. The scheme is a departure from any other scheme in South Africa, and is a very unique one.

Settlers' plots, single men who have been farmers in Great Britain, and having a capital of not less than £200 will be accepted for the scheme, which they will

own and farm for 20 years for their own benefit, and their own property improvements, and stock, under the supervision of an expert farmer from the Union, who will be appointed to a duty of supervision. In addition to the agricultural training, a duty will be established by the settlers, and the settlers will be trained in the use of the motor and the tractor, and will be supplied with the necessary tools and equipment. Each settler will provide his own land, which will be provided by the scheme, and the settlers will be provided with the necessary tools and equipment. The scheme is a very important branch of agriculture, and will be a great benefit to the country.

**Do You Know This?**

8. Wise buyers have become shy of 'fickle' cars—the cars that change models every year. Studebaker cars are always kept up to date. Changes are made as improvements are perfected—without spectacular annual announcements. Your pride and your investment are both protected when you own a Studebaker.
9. 1200 skilled inspectors make 96,000 inspections on the three types of Studebaker cars during manufacture and before delivery to you. There is no more rigid inspection in the industry than this. It ensures long life and dependable service.
10. It costs Studebaker £120,000 a year to completely machine all its crankshafts. This is a practice usually followed only by the very highest priced cars. It explains why Studebaker cars always run smoothly—without vibration.

**"Eflingham" Team Coming to Nairobi.**  
Following a meeting of the Council of the Football Association of Kenya held on Tuesday afternoon an invitation has been sent to the Eflingham Football Club H.M.S. Andrews to send a party of 10 Australian footballers to Nairobi to meet the local team in a series of matches. The invitation was forwarded by telegram, and the party is expected to arrive in Nairobi on Friday, June 1. A party will be sent to meet and accompany the invitation, and the Football Association has decided that two matches will be played on a Friday afternoon and one on Saturday. Details regarding the matches and teams will be announced later.

**DAVIS CUP.**  
France Defeats Czechoslovakia.  
[DOROTHY BENTON'S AGENCY] London, May 21. The second day of the match between France and Czechoslovakia for the Davis Cup, which is being played at Oxford University, ended today in a decisive French victory. The French team, captained by René Lacoste, defeated the Czechoslovak team, captained by Jan Hlavacek, 3-1. The French team's score was 2-1, while the Czechoslovak team's score was 1-2. The French team's victory was secured by a brilliant performance by René Lacoste, who defeated Jan Hlavacek in the final rubber. The French team's victory was a significant one, as it marked their first Davis Cup triumph since 1925.

**Nairobi Golf Club Notes.**  
The two years of drought have left a few bare patches in the fairways, but the recent rains, combined with the excellent maintenance which has been given to the park of the fairways, has resulted in every member to believe upon that they will be well served.

**Public School Rackets.**  
[DOROTHY BENTON'S AGENCY] Nairobi, May 21. In a Davis Cup match played today, France defeated Czechoslovakia 3-1. The French team, captained by René Lacoste, defeated the Czechoslovak team, captained by Jan Hlavacek, 3-1. The French team's score was 2-1, while the Czechoslovak team's score was 1-2. The French team's victory was secured by a brilliant performance by René Lacoste, who defeated Jan Hlavacek in the final rubber. The French team's victory was a significant one, as it marked their first Davis Cup triumph since 1925.

**BARBON DEFEATED BY WELLINGTON.**  
[FROM THE OCEAN CORRESPONDENT] Wellington, May 21. Barbou, who had been expected to win the title of champion of the world, was defeated by Wellington in the final rubber of the Davis Cup. The match was a closely fought one, but Wellington's superior play in the final set proved decisive. The match was a significant one, as it marked the end of Barbou's reign as world champion.

**RIFLE SHOOTING.**  
[FROM THE OCEAN CORRESPONDENT] Wellington, May 21. Rifle shooting was held today at the Wellington Rifle Club. The competition was a highly successful one, and the results were as follows: 1st, J. H. Taylor; 2nd, A. B. Smith; 3rd, C. D. Jones; 4th, E. F. Brown; 5th, G. H. Green; 6th, I. J. White; 7th, K. L. Black; 8th, M. N. Grey; 9th, O. P. Blue; 10th, Q. R. Red.

**COMPETITIONS.**  
[FROM THE OCEAN CORRESPONDENT] Wellington, May 21. Competitions were held today at the Wellington Rifle Club. The competitions were a highly successful one, and the results were as follows: 1st, J. H. Taylor; 2nd, A. B. Smith; 3rd, C. D. Jones; 4th, E. F. Brown; 5th, G. H. Green; 6th, I. J. White; 7th, K. L. Black; 8th, M. N. Grey; 9th, O. P. Blue; 10th, Q. R. Red.

**WORLD'S SPEED RECORD**  
BROKEN BY Shell Petrol & Shell Oil  
Ordinary grades from public garages.  
On 27th April 1926, at Pendine Sands Mr. J. G. Parry Thomas beat, by miles per hour, all records ever made by others.  
In this remarkable performance, Mr. Thomas used standard grades of Shell Motor Oil, and Shell Petrol exactly the same as offered every where to the public. The petrol and lubricant were purchased from a local Garage under the supervision of the R.A.C.

trying reflection but we are glad it has not been the determining factor. Continuation with similar lines at the post of the efficiency of all work for payment. It is not as easy a concern, there has been dissatisfaction for a number of years and a changing policy of partial payment which has only succeeded in creating further unrest. The new scheme places the services on a new basis. Not only are more prizes provided for the ambitious servant as support of the service upon which, of course, a most careful eye must be kept—both the conditions of the holder—the conditions which would ensure devotion to unswerving routine to the honour of the efficiency, the constancy and the loyalty of the Civil Service—supported with those of his more fortunate colleagues in whom an hour's brightly and whose desire for prizes is offered to the reward. To the non-official the disintegrating system under which a man goes for the best years of his life to the service of the fellow-men in the hope that he will eventually be rewarded or the failure of his inevitable service to himself would have been a heavy burden. The present plan, which the patient place into effect, must always appear a system based on the best principles, a system based on the best principles, a system based on the best principles.

Just provision and one which every well-minded Civil Servant will agree to be desirable if efficiency is to be the only qualification for the reward of promotion. We welcome, the recognition of the importance of certain departments to the real progress of the East African Colonies. For a long period the personnel of Administrative and Education Departments have suffered from the lack of opportunity to show evidence of their importance. In both, personality and efficiency, a knowledge of business and a large-headed task with an enthusiasm for the great possibilities of their lands in Africa, are qualities which cannot be secured by a salary but which improved conditions must help East Africa in the competition for the best men. It is all a step towards the ultimate aim of co-ordination of services throughout East Africa when the prizes will be sufficiently large to attract the attention of the type of man which this part of the Empire requires and such a step we welcome it cordially. We congratulate the members of the Civil Service upon the reward of their patience under great difficulties, and we welcome those congratulations to the three chief administrative officers whose perseverance and wisdom have brought the change to pass. We realize that the change is not one which only affects the conditions of Civil Servants. Their influence upon the country, peace and progress development of every country is such that East Africa cannot afford much longer to postpone the time when the best and the best only in the human race will be obtained for the best work which has in fact each of the East African States.

**Mail Notes**

Lyric Hall TO-NIGHT THROUGH THE ENEMIES LINE. Topical Budget ALL THE LATEST NEWS, including Pat Donoghue winning the Lincoln Boat Race. Cambridge win Against Oxford by 5 lengths GRAND NATIONAL.

As depends inevitably on rank, so it is with a good reason that the qualifications may vary. It is hardly necessary to say that the salary scales are based on the number of years of service. Under the long term plan, the salary scales are to be extended as provided in the act and at the end of 10 years the salary of the maximum grade of £400 and reaches £500 at the end of 15 years.

It seems that they do not really care to have a steady increase in their salaries by means of a long term plan. They are not really interested in long promotion. They are not really interested in long promotion. They are not really interested in long promotion.

He would necessarily mean that he had not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good. The Government had not been in the evening immediately following the event was extraordinarily good.

Pat Donoghue winning the Lincoln Boat Race. Cambridge win Against Oxford by 5 lengths GRAND NATIONAL.

Another important point is that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

Pat Donoghue winning the Lincoln Boat Race. Cambridge win Against Oxford by 5 lengths GRAND NATIONAL.

HEADS OF DEPARTMENT.

Let me also explain how we were provided for the preparation of the report. It is hardly necessary to say that the salary scales are based on the number of years of service. Under the long term plan, the salary scales are to be extended as provided in the act and at the end of 10 years the salary of the maximum grade of £400 and reaches £500 at the end of 15 years.

It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

Advertisements for PANGLEY MOGGS, 382L, 383L, 384L, 385L, 386L, 387L, 388L, 389L, 390L, 391L, 392L, 393L, 394L, 395L, 396L, 397L, 398L, 399L, 400L.

ANOMALIES.

These anomalies have been agreed upon by the Government. It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

It is to be noted that the Government has not been in the habit of working the worker's share. The habits of a people were, however, the more serious and it was owing to the fact that the Government had not been in the evening immediately following the event was extraordinarily good.

### THE HEAVY LATHER THAT HELPS THE SHAVER

Don't judge a lather by its volume. The better it is the volume but little weight that helps the shaver. Only Gibbs Shaving Cream—something more—increases its weight and gives you the weight from the water in bubbles. It makes itself stay work for the shaver. That is why many hundreds of men have bought it. Gibbs Shaving Cream the solution of their shaving difficulties. The Old Cream contained in Gibbs Shaving Cream leaves the skin moist and soft, so that you may shave as easily as if you were using lard. Cream brings you something else besides the lather. It makes shaving pleasant. It is anything you desire.

7. OPEN MAIDEN RACE, 5 Furlongs. For Ponies who have never been under Jockey Club Rules since the above date.

Songhor Roads.

COMPONENTS ISOLATED FOR TWO MONTHS.

Mr. Conway Harvey (the Laker) said the following report on the Legislative Council on Wednesday: What is the present position regarding representations made to Government by the Songhor farmers in regard to the Songhor roads to be built by the Government to connect the Songhor roads with the main roads of the district? The representations made by the Songhor farmers have been considered by the Economic and Financial Survey Commission, which has recommended that a Technical Survey be made as soon as possible by ascertaining the requirements of the Songhor in the way of transport facilities can best be met. Government has instructed the Executive Engineer at Kisumu to carry out this survey immediately.

IMMEDIATELY. Mr. Conway Harvey. In view of the fact that the Engineer concerned has not submitted the report of his survey to the Railway, it is suggested that the Railway will be asked to expedite the very important work of the Engineer. The Colonial Secretary. I would refer the Hon. Member to the fact that the work of the Engineer has not yet been completed. Mr. Conway Harvey. May I ask the Colonial Secretary if it is difficult to get that report done in a short time? The Colonial Secretary. I would refer the Hon. Member to the fact that the work of the Engineer has not yet been completed.

Mr. Conway Harvey. May I ask the Colonial Secretary if it is difficult to get that report done in a short time? The Colonial Secretary. I would refer the Hon. Member to the fact that the work of the Engineer has not yet been completed.

Electrical Inspector.

GOVERNMENT DETAILS HIS OFFICE VISITOR.

In the Legislative Council on Wednesday, Capt. Schwartz (Nairobi) asked if the Government would give the names of the new Electrical Inspectors not mentioned in the qualifications for the post. The Postmaster General replied: I am glad to say that I am pleased to appoint an Electrical Inspector. The name of the Inspector is Mr. W. J. Williams. He is a member of the Institution of Electrical Engineers and has been employed in the Electrical Department of the Government for some time. He is a member of the Institution of Electrical Engineers and has been employed in the Electrical Department of the Government for some time.

FERTILISE WITH EXPOS

The following testimonials are seen in application to you who are now the experiment with "Expos" turned out. Really I hardly like to tell you, you might fancy I was pulling your leg.

"The potatoes are just simply wonderful, you never saw such growth, even through this drought. I have eaten potatoes all my life and in many climates, but never have I seen anything like this lot and further it is not a question of a 'Kibuyi' lot."

original of the above testimonials are seen in application to G. ARONSON, P.O. Box 881, Nairobi.

Phone 166. NAIROBI. P. O. Box 509.

"STANDARD" FEATURE PAGE

Miss Collyer, Ogigi, to whom all correspondence in connection with "KENNEL NOTES" should be addressed. Do not hold her responsible for accuracy of statements made by her which are in the nature of letters supplied by her correspondents.

The "East African Standard" is the official organ of the East African Kennel Club.

I have just had of my wonderful new importation to our dog world. Mr. Lamb of Kinshasa has just brought out a very nice young Bull Dog dog. "Paul Dupont," is a nice middle puppy in weight three 2nd prize, one 3rd and two reserves. He has now been mated to Mrs. Lamb's supported bitch "James" and some of them pups will be for sale later. On this show they are from the best Blue and "Lockwood" by "Paul Dupont" or "Lucky Tipton" "Norm Andover" by "Paddy" or "Paul" by "Harold Dupont." Mrs. Lamb kindly writes on 28/5/26.

"Major and Mr. Harbeck have just brought out a very useful looking new dog puppy. This is a lovely one, and comes as good as set as one could wish to handle. Also very small black and white. They seem quite unfatigably and can run a lot of miles. I have not yet seen her pedigree, as it could not be found in the moment. There has been a run on Akita pups this last week and I sold three of mine in two days. The bitch pups and particularly the dog puppy were purchased by Major Johnson of Kisumu and Mr. Mostard of Ogigi through the other dog."

I have only managed to keep them for myself.

Having just suffered to see my dog from teeth fever all this little time, I have recommended to their present owners to carry on with the blue liquid once a week. He has undoubtedly proved a preventive in this case.

I have and news from Lady St. Fern's. Fern's very nice little fox terrier bitch was killed by a snake the other day. The bitch was in poor health when she was bitten and I am sure that she was not suffering from any disease. I am sure that she was not suffering from any disease.

KENNEL NOTES

From what I do know dogs are referred to as about the ninth day. I have a letter which really says that it is under these circumstances that the staff of Parnon and Kitten. The writer Mrs. Maudie Newman has noted on the 21st of November since the hour War till 1922. I am sure that she is a very good natured one from an article and I am sure that she is a very good natured one from an article and I am sure that she is a very good natured one from an article.

I am very glad to see that Akita's are becoming popular again. For the way, Major Johnson is writing a chapter for the new paper he has been told to write. I must hope that he will become a member of the our Kenel Club and go in for breeding and showing. He possesses the real love for a good dog and I am sure that he will be a great help to the club.

As I write I have received a letter from Mr. Harbeck and Mr. Johnson agents for Mithras Hill. I am sure that they will be of great help to the club. I have only managed to keep them for myself.
