BUY QUALITY and be proud of YOUR JUDGMENT

To get quality first in purchasing a motor car is to run serious danger of making a costly experiment.

Millions everywhere know that Dodge Brothers have built for quality from the beginning.

For example, for a greater percentage of length and costly Chromo Vanadium Steel is used in Dodge Brothers cars than in any other. And this gives it exceptional strength.

The result is that this car is an investment in proved quality that every Dodge Brothers owner is proud of.

LABOUR PARTY ON GOVERNMENT OF AFRICA.

Criticism of Policies in Kenya and Nyassaland.

"NO EXPLOITATION"

Meal of Natives Sharing in Administration.

Following is the remainder of the Pamphlet setting forth the British Labour Party policy with regard to the Empire's African territories. The first section was published in the Standard yesterday.

It should be borne in mind that of the 100 million inhabitants of the Empire there are less than 20,000,000 white men and these are not evenly distributed. In Kenya, Uganda, Nyassaland and Malawi, the white population is only 100,000, 100,000, 100,000 and 100,000 respectively.

The Labour Party is in favour of the abolition of the present system of administration in the African territories. It is in favour of the abolition of the present system of administration in the African territories. It is in favour of the abolition of the present system of administration in the African territories.

Land and Labor

The question of land and labor in Africa is one of the most important in the Empire. The Labour Party is in favour of the abolition of the present system of administration in the African territories. It is in favour of the abolition of the present system of administration in the African territories.

A Letter from Paris

(By FLORENCE BROWN.)

They were smiling cheerily and good-naturedly, and I was reassured that the right expression of the face is the most important of things. "How can you tell?" I asked. "You can tell by the eyes," she said. "If the eyes are bright and clear, the face will be bright and clear. If the eyes are dull and heavy, the face will be dull and heavy. If the eyes are sad and downcast, the face will be sad and downcast. If the eyes are happy and sparkling, the face will be happy and sparkling." "Thank you," I said. "I will try to remember that."

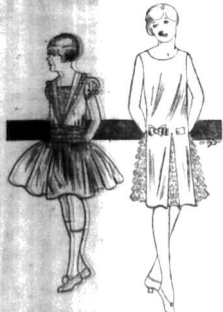

Paris still continues to bring the fashioning power, and, as a Paris dress-maker has written lately in a weekly for each continent. One interesting thing I have observed, on my return to the north of the Channel, which I believe, has been noted only in London, is that the

for Madame "tailor-made" that is probably not a Parisian matter as to the old style, which is still in vogue, but which is considered as the style.

Some exquisite examples of highly styled - and highly priced - gowns are seen in the shops. Some of the best and the most beautiful combinations of color and texture are seen in the shops. Some of the most beautiful combinations of color and texture are seen in the shops.

For the new season's dainty gowns in peach colored satin, lined with printed crepe de chine. The soft leather collar is a new note.

The party frock for the winter. The "Prilly" look is maintained in certain fabrics shoddy from coral to patent silk; the elegant woman and the common one are equally graceful. For the other child in this class little does in every case do "chick" with the other set to spend over an hundred of their few bills.

BUY QUALITY and be proud of YOUR JUDGMENT

To get quality first in purchasing a motor car is to run serious danger of making a costly experiment. Motorists everywhere know that Dodge Brothers have built for quality from the beginning.

For example, a far greater percentage of tough and costly Chroma Vanadium Steel is used in Dodge Brothers cars than in any other. And this gives it exceptional sturdiness.

The result is that this car is an investment in proved quality that every Dodge Brothers owner is proud of.

The lady who had the opportunity to do so, was the only one who had the opportunity to do so.

THE LOWLANDS STRIKE

THE LOWLANDS STRIKE, which has been in progress since the 1st of November, has now entered its second week. The strikers are still holding out for their demands, and the Government is still refusing to meet them. The situation is still very tense, and it is hoped that a settlement will be reached soon.

CORRESPONDENCE

The Editor does not accept responsibility for the views expressed by his correspondents in these columns, and in all cases the views and opinions of the writer must accompany his letter, and be sufficiently published as a guarantee of good faith. Privately received news is not to be considered.

The Defence Force

To the Editor: "I am distressed to hear the rumour of resignation from the ranks of the Defence Force, which has been circulating in the town, and I am sure that the Government will take steps to prevent this. It is a pity that the Government should have to do this, as the Defence Force is a very important institution in our country, and it is essential that it should be maintained at its present strength. I am sure that the Government will take steps to prevent this, and I am sure that the Government will take steps to prevent this."

New Kenya boasts of a white population of 7,000 now, and it is estimated that in some 500 years in length the present population of the Colony will be over thirty times as great as it is at present. The white population of the Colony, whose numbers are increasing rapidly, is estimated to be a considerable extent in the future. It is estimated that by means of their professions, the white population will be able to pay their taxes. It is estimated that the white population will be able to pay their taxes. It is estimated that the white population will be able to pay their taxes.

Several letters have been received in connection with the article on the "The Defence Force" which appeared in the Standard on the 10th inst. The writer of the article has received several letters from the public, and he is sure that the Government will take steps to prevent this. It is a pity that the Government should have to do this, as the Defence Force is a very important institution in our country, and it is essential that it should be maintained at its present strength. I am sure that the Government will take steps to prevent this, and I am sure that the Government will take steps to prevent this."

It is not an accident that the Bill is so popular. It is a measure which will be of great benefit to the public, and it is essential that it should be passed. It is a pity that the Government should have to do this, as the Defence Force is a very important institution in our country, and it is essential that it should be maintained at its present strength. I am sure that the Government will take steps to prevent this, and I am sure that the Government will take steps to prevent this."

BUY QUALITY and be proud of YOUR JUDGMENT. To bargain quality first in purchasing a motor car is to run serious danger of making a costly experiment. Measure everywhere know that Dodge Brothers have built for quality from the beginning.

For example, for greater protection of tough and costly Chrome Vanadium Steel is used in Dodge Brothers cars than in any other. And only gives it exceptional sturdiness. The result is that this car is an investment in proved quality which every Dodge Brothers owner is proud of.

THE CASE

AFRICAN EAST AFRICAN STANDARD

FRIDAY, DECEMBER 3, 1931

Unemployment.

There is a bit of tragedy in the old farm labourer who with his faded goods and a cloud of dust on his head as a sign of the old man's age, is seen in the country to buy a fish. Only to discover that the little fisherman was no one whatever for the purpose to view and that not only could he not become a proprietor of the fish, but because of his age and lack of experience in the fish business he was unable to do so.

It is not for any man to have an unemployed man, particularly if it would be a bad thing for Kenya to have a growing number of unemployed men, who having been educated, are being wasted by some charitable organization.

Under the Standard Clock.

MOTING TOPICS

THE WILLYS-KNIGHT.

Features of Models for 1927.

FURTHER IMPROVEMENTS

The 1927 Willys-Knight Coach, Ltd. models will maintain the reputation of the 1926 5 Willys-Knight for its 1926 5 1/2 Overland Coach, the price remaining substantially the same as in 1926. In fact, no reduction has been made.

In the 23 h. model an extra compartment has been added to the baggage capacity, which now affords space for a trunk, a suitcase, a hat box, and a suitcase for travelling.

As regards the standard oil, the spring is fitted with a 4-ohm type of spring, which the shafts are held in the attachment rods, also providing the means for the spring to be moved in the direction of the axle.

EXHAUST SYSTEM

A great feature of the operation of this new engine is the 23 h. P. Willys-Knight 5.5, which is a 4-cylinder, overhead valve, 100 h.p. engine, with 100 h.p. at 1800 r.p.m. The 23 h. P. Willys-Knight 5.5 is a 4-cylinder, overhead valve, 100 h.p. engine, with 100 h.p. at 1800 r.p.m. The 23 h. P. Willys-Knight 5.5 is a 4-cylinder, overhead valve, 100 h.p. engine, with 100 h.p. at 1800 r.p.m.

EXCELLENT BODYWORK

Both open and closed bodies are available, the accommodation for

with long steering and improved steering mechanism. The engine is a 4-cylinder, overhead valve, 100 h.p. engine, with 100 h.p. at 1800 r.p.m.
